Tandy® Computers: The broadest selection of PCs in America.

The New Tandy 1000 SL

Built-in MS-DOS® and DeskMate® for the ultimate in ease of use.

Now you can be running your favorite programs in seconds! The Tandy 1000 SL features MS-DOS and DeskMate in ROM, so you can move quickly from start-up to popular MS-DOS programs, or go directly into our exclusive DeskMate multi-applications software.

With DeskMate, you're ready to start computing right away with ten popular applications to write letters, prepare budgets, file information and even draw colorful pictures. There's also a spell checker, address book, Hangman word game and PC-Link℠ on-line information service. DeskMate is one of the handiest programs you'll ever own!

As an added bonus, there's a new Music program as well as a sound-editor program that lets you record and edit music, voice or other sound effects onto your 5¼" diskettes.

This latest breakthrough in computer-audio technology delivers outstanding speech and music capabilities which will generate new life into programs and introduce you to a whole new dimension in ease of use in personal computing.

The new generation Tandy 1000 SL. From the best-selling family of PC Compatibles in America.

Selections marked with a ● are not available on CD.

To get your 12 cassettes or records for a penny just join the Columbia Record & Tape Club. It's a sound investment, indeed. And all you have to do is fill in and mail the application together with your check or money order for $1.86 as payment (that's 1¢ for your first 12 selections, plus $1.85 to cover shipping and handling). In exchange, you simply agree to buy 8 more tapes or records (at regular Club prices) in the next three years—and you may cancel membership anytime after doing so.

How the Club operates: Every four weeks (13 times a year) you'll receive the Club's music magazine, which describes the Selection of the Month for each musical interest... plus hundreds of alternates from every field of music. In addition, up to six times a year you may receive offers of Special Selections, usually at a discount off regular Club prices, for a total of up to 19 buying opportunities.

If you wish to receive the Selection of the Month or the Special Selection, you need do nothing—it will be shipped automatically. If you prefer an alternate selection, or none at all, simply fill in the response card always provided and mail it by the date specified. You will always have at least 10 days to make your decision. If you ever receive any Selection without having had at least 10 days to decide, you may return it at our expense.

The tapes and records you order during your membership will be billed at regular Club prices, which currently are $7.98 to $9.98—plus shipping and handling. (Multi-unit sets, special and classical selections may be somewhat higher.) And if you continue as a member after completing your enrollment agreement, you'll be eligible for our generous "buy one—get one free" money-saving bonus plan!

10-Day Risk-Free Trial: We'll send details of the Club's operation with your introductory shipment. If you are not satisfied for any reason whatsoever, just return everything within 10 days for a full refund and you will have no further obligation. So act now!

Order your first selection now at a big discount—and get 2 extra albums FREE! You may also choose your first selection right now—we'll give it to you for up to 60% off regular Club prices—only $3.98. Enclose payment now and you'll receive it with your 12 introductory albums. This discount purchase immediately reduces your membership obligation—you then need buy just 7 more selections (instead of 8) in the next three years. What's more, this discount purchase also entitles you to still 2 more albums as a bonus, FREE. Just check the box in the application and fill in the numbers of your first selection *and* the 2 free bonus albums you want now.

†Selections with two numbers count as two selections—write each number in a separate box.

ANY 6 CDs FOR 1¢

plus shipping and handling

If you now have a CD Player, or are planning to get one, you may prefer to join the CBS Compact Disc Club. As an introduction, you are entitled to any 6 CDs for only one penny, plus shipping and handling. And you have scores to choose from, since most of the selections offered here are now available on Compact Discs.

To get your 6 CDs, simply fill in and mail this application, and we'll bill you only 1¢, plus shipping and handling. In exchange, you agree to buy just four CDs within the next two years, at regular Club prices (which currently are $12.98-$15.98, plus shipping and handling)—and you may cancel anytime after buying four CDs.

Half-Price Bonus Plan: if you decide to continue as a member after fulfilling your membership obligation, you'll be eligible for our money-saving bonus plan. It lets you buy one CD at half price for each CD you buy at regular Club prices. And you'll enjoy this 50%-off saving for as long as you remain a member.

Otherwise, the CBS Compact Disc Club works in the same manner as the Columbia Record & Tape Club, so be sure to read the "How the Club operates" and "10-Day Free Trial" information on the other side. Remember—you risk absolutely nothing by mailing this application today!

Advance Bonus Offer: as a special offer to new members, take one additional Compact Disc right now and we'll bill you an additional $6.95. It's a chance to get a seventh selection at a super low price!

COMMENCEMENT	SATURDAY	JUNE 3, 1989

HELPFUL HINTS

1. Always keep your receipts (Registration, Pass/Fail, Withdrawal, etc.) to help resolve potential errors.
2. Be aware of deadline dates (ex. add/drop period, course withdrawal, pass/fail, and pre-registration). The semester calendar is on this page. Failure to comply with appropriate deadlines can result in severe academic or administrative penalties.
3. Drop or withdraw from courses by appropriate deadlines. If you are registered for the course, you are responsible for dropping or withdrawing from it whether you attended the class or not. If the professor crosses your name off the class list, you must still drop or withdraw from the course through the Registration Center.
4. Expect a schedule confirmation of courses for which you registered about three weeks into the semester. If you don't receive one, check with the Wheatley Registration Center.
5. Expect a bill for the amount of credits for which you registered. Review the bill carefully. Make sure you are billed for the appropriate number of credits. If you don't receive a bill check with the Bursar's Office.
6. Keep your address up to date in the Office of the Registrar. This is our best means of communication.
7. Keep your schedule books and/or schedule cards. You will need them for Final Exam room assignments.

The purpose of this publication is to provide information about the University of Massachusetts at Boston to persons who work and study at the University, to persons who may be interested in applying for admission and to parents, teachers, counselors, and the general public. This publication is neither a contract nor an offer to make a contract. While every effort has been made to insure the accuracy of the information in this publication, the University reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided, or any other subject addressed in this publication. The information in this publication is provided solely for the convenience of the reader and the University expressly disclaims any liability which otherwise may be incurred.

HOW TO REGISTER

The period from Monday, November 28–December 2, 1988 has been set aside for registration for Spring 1989. Please read the following instructions carefully so that you will understand how to register for next semester.

Where To Obtain Your Registration Forms

1. CAS declared majors at major departments.
2. CAS undeclared majors will have forms mailed with instructions.
3. CPCS registration materials can be picked up at Enrollment Services, 1st floor Park Square.
4. Management majors at McCormack Hall, 3rd floor, Room 415.
5. Nursing majors at Science Building, 3rd floor, Room 012.
6. Physical Education majors at Science Building, 3rd floor, Room 268.
7. Education majors at Science Building, 3rd floor, Room 216.

FORMS MUST BE RETURNED TO THE APPROPRIATE OFFICE BY DECEMBER 2, 1988.

- CPCS students should return their forms to the Office of Enrollment Services, 1st floor Park Square.
- Continuing students who do not submit registration forms by December 2, 1988 will be assessed a $25 late registration fee.

Registration Forms

1. Each student is given a form on which to register. This form allows the option of registering for nine courses or seven courses with two alternates.
2. **Free Time Exempt Form** — These forms are used so that students may indicate particular hours during which they do not wish classes to be scheduled. To insure that the information can be interpreted, it is essential that a #2 pencil be used to fill in the slots corresponding to the times and days of the week during which you do not want classes scheduled.
   Use of these forms do not enhance your chances of receiving a section that you request, they could in fact limit your ability to obtain a course because you will not be assigned to sections that meet at hours from which you have exempted yourself. Use of these forms could limit your chances of receiving a full schedule.
3. The registration form and time exemption form are read by machine. This means the markings must be completed carefully, i.e., no erasures, stray marks, folds, etc. A #2 pencil must be used.

Semester Schedule Booklets

The schedule booklet is the list of courses that will be offered in the Spring '89 semester. Your program for the next semester should be chosen from this booklet, along with the course addenda which is a list of changes made to the semester booklet (added sections, cancelled courses, etc.). Please do not select courses from the schedule booklet without checking the addendum as changes may have been made.

The University course listing is a complete listing of courses offered with descriptions. University requirements are also listed in this book.

STUDENTS WHO OWE FOR A PREVIOUS SEMESTER WILL NOT BE ALLOWED TO REGISTER FOR FUTURE COURSES.

AFTER PAYING STUDENTS MUST APPLY FOR READMISSION. IF NOT PAID BY DEADLINE, STUDENTS MUST WAIT UNTIL FALL 1989 FOR READMISSION.

HOW TO FILL OUT YOUR REGISTRATION FORMS

1. Be sure that all numbers are penciled neatly and completely. Double check to see that entries are accurate. If a number is incorrect or illegible or not blocked in totally, the entire transaction will be invalidated.
2. Use the 6 digit schedule number assigned to the specific section of the specific time you wish to take the course (see example 1 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
P—H—I—L—O—S—O—P—H—Y						EXAMPLE 1
			INTRO PHILOSOPHY			
PHIL	100					
	1	146301	MWF 9:30	1-1-054	ANDIC	
	3	146327	TUTH 11:00-12:15	1-1-054	FOSTER	
	7	146343	MWF 10:30	1-1-054	ANDIC	

3. When registering for a course with 2 or more parts (lec., lab) be sure to include all parts or you will arbitrarily be assigned the missing portions (see example 2 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
C—H—E—M—I—S—T—R—Y						EXAMPLE 2
CHEM	241					
LEC	1	060096	TU 9:30-12:30	1-1-054	GELB	
LAB	1	069119	TU 9:30-12:30	1-1-054	GELB	

4. **Alternate Choice** — Some choices are listed with the notation "Alternate choice advised". This is used for courses which in the past have been consistently overenrolled. This does not mean you cannot request one of these courses, only that you would be well advised to consider making an alternate choice along with this request. It would also be helpful to use the 2 alternate choices whether or not it is specifically advised as their use enhances a student's possibility of obtaining courses. Alternates must be a different course — not a different section of the same course. For example: Alternate 1 will be considered only if course request 1 cannot be scheduled. Similarly, alternate 2 will be considered only if course request 2 cannot be scheduled. Alternates are not transferable from one choice to another.

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIME	BLDG. SFLR. RM.	CR	INSTRUCTOR
P—S—Y—C—H—O—L—O—G—Y						EXAMPLE 3

IMPORTANT REGISTRATION INFORMATION

Submission of a registration form and acceptance into a course(s) incurs a financial obligation for that course(s).

Your obligation can only ha removed if you withdraw from the University prior to the start of the semester.

Your tuition and fees will be reduced if you:

1) Reduce your course load during the Add/Drop period or
2) Completely withdraw from tha Univarsity prior the sixth week of the semester.

You are financially responsible for any registered course(s) remaining on your schedule as of the end of the Add/Drop period, even though you:

1) Completely withdraw from the University after the sixth week of classes or
2) Raduce your course load after the Add/Drop period or
3) Raceive a grade of "NA" (see below)

Failure to attend classas doas not constitute a withdrawal. A withdrawal is an administrative procedure, and a withdrawal form must be completed by the student and submitted to the Office of Registration and Records. If you have not dropped a course by the Add/Drop deadline, not only will you be liable for the tuition but you will also receive one of three grades. One, the grade of NA (not attending) will be given if your instructor takes attendance and submits the grade of NA to the Office of Registration and Racords. Two, if the instructor does not submit an NA list and you do not drop or withdraw from the course you will receive the grade of F. Three, the grade of W if you submit tha appropriate course withdrawal form to the Office of Registration and Records by the published deadline.

DO NOT WRITE BELOW THIS LINE

INSTRUCTIONS

Using #2 pencil, fill in one block, (minimum) for each COURSE or Specific SECTION. Up to three blocks may be needed if specific sections of a course with lecture, lab and/or discussion portions are stipulated. Confine marks to designated positions. Do not overlap marked positions.

Blocks eight and nine may be used where the Schedule Booklet indicated "alternate choice advised" because of frequent over-subscription. Otherwise, regular choices can be entered in eight and nine.

If one of these forms cannot describe the particular configuration of your course choices, a second form with additional information may be filed.

Carry completed form to the Appropriate Office.

USE NO. 2 PENCIL ONLY

MAKE SURE ALL ERASURES ARE COMPLETE

GENERAL INFORMATION

The N/A grade may be placed on a student's transcript if the student has registered for a course, and did not attend the course during the Add/Drop period, and failed to drop the course by the published Add/Drop deadline. The N/A grade does not affect a student's grade average. The student is, however, responsible for all tuition and fees for the N/A course. The only condition which the N/A grade may be removed from a student's transcript is if the student specifically withdraws from the course on or before the published withdrawal deadline.

Faculty who take attendance may submit an N/A by the designated deadline usually during the first month of the semester.

TUITION AND FEES INSTRUCTIONS

Undergraduate Tuition

In State	$ 58.50 per credit/maximum of 12 credits $ 702.00
Out of State	$201.50 per credit/maximum of 12 credits $2,418.00

Graduate Tuition

In State	$ 73.25 per credit/maximum of 12 credits $ 879.00
Out of State	$211.25 per credit/maximum of 12 credits $2,535.00

Mandatory Fees	1 to 6 Credits	7 or More Credits
Student Activities	$15.00	$30.00
Health	30.00	60.00
Athletics	20.00	35.00
I.D.	2.00	2.00
Recreation Fee*	50.00	50.00
Orientation Fee*	25.00	25.00
Commencement Fee**	30.00	30.00
Yearbook***	20.00	20.00
Special Stud. Reg. Fee****	15.00	15.00
Curriculum Support Fee	35.00	65.00

Other Fees

***Recreation Fee** $50.00 and **Orientation Fee** $25.00 are one time only charges for each certificate and degree seeking student in the first semester of the applicable program. They may not be cancelled or refunded unless student withdraws prior to the first day of classes.

****Commencement Fee:** Compulsory one time $30.00 fee assessed of seniors or students in the year of their anticipated graduation.

*****Yearbook**: The $20.00 fee is mandatory and billed to seniors. It is optional for everyone else and may be added to the bill at the time of bill payment.

******Special Student Registration Fee:** One time $15.00 fee charged to each non-matriculated student in their initial semester.

Curriculum Support Fee: Assist the University's efforts to maintain the quality and breadth of its educational programs.

Late Fees: $25.00 charge for all students with a late registration determined by the registrar and/or late bill payment of bill clearance.

Cancellation and Refund of Tuition and Fees

Submission of a registration form and acceptance into the course incurs a financial obligation for that course except as follows: A student who completely withdraws from the university before the sixth week of the semester will be granted a percentage refund of tuition and some fees based on refund schedule. (Failure to attend does not constitute a withdrawal). A withdrawal form must be completed by the student. A student who submits a withdrawal form, prior to the start of the semester at the university, will be given a full refund of tuition and fees. After the add/drop period no refund will be given for course load reductions. Students withdrawing completely from the university during the first five weeks of a semester and receiving grades of "W" for all courses will receive partial refunds. After five weeks no other refunds will be issued if any grades including "W", "NA", or Inc. are awarded.

Refund Schedule (Percentage of Tuition & Fees Owed or Reduced By)

Withdrawal Date	Owed by Student	Reduction in Charges
First Two Weeks	20%	80%
Third Week	40%	60%
Fourth Week	60%	40%
Fifth Week	80%	20%
After Fifth Week	100%	0%

COLLEGE OF ARTS AND SCIENCES
DECLARED MAJORS

Registration forms will be available within Major Departments and must be returned to the Major Department by 4:00 p.m. on Friday, December 2.

UNDECLARED MAJORS

CAS Advisors will be available to advise Undeclared Majors at the following times:

May 2 – Monday	10:00–12:00 and 2:00–6:00	M/3/130
May 3 – Tuesday	10:00–12:00 and 2:00–6:00	M/3/130
May 4 – Wednesday	10:00–12:00 and 2:00–6:00	M/3/130
May 5 – Thursday	10:00–12:00 and 2:00–6:00	M/3/130
May 6 – Friday	10:00–12:00 and 2:00–4:00	M/3/130

Schedules must be approved by a CAS Advisor. ALL FORMS MUST BE SUBMITTED BY 4:00 p.m., DECEMBER 2.

COLLEGE OF MANAGEMENT (CM)
SPRING 1989

Registration Procedures and Information

Registration forms for all College of Management students will be available in the CM Office of Student Services (M/3/415) from 8:30 a.m. to 6:30 p.m., Monday through Thursday and from 8:30 a.m. to 5 p.m. on Friday during Advance Registration, November 2–December 2, 1989. Completed registration forms must be returned to the Office of the Registrar by 5:00 p.m. on Friday, December 2.

A full-time registration for CM students is a maximum of five courses. Registration for more than 15 credits requires written permission of the CM Assistant Dean for Student Services. Normally such permission is given only when a student's cumulative grade point average is 3.0 or above.

Advising

College advisors, as well as peer advisors, will be available in the CM Office of Student Services during the hours listed above to assist CM students with course selection:

Students who have successfully completed a minimum of 60 credits and who have declared a concentration are encouraged to make an appointment to see their faculty advisors. Faculty advisor assignments are posted in the CM Student Services area each semester. All CM students should also see a college advisor in the Office of Student Services several times during their college career to officially update their program plan.

Course Selection

Degree requirements are available in the CM Office of Student Services. Students in the College of Management are expected to complete general education requirements as well as other 100 and 200 level required course work during the first two years of study. All 300 and 400 level CM courses, including Management Core and Concentration requirements, may only be taken after the student attains junior (earned 60 credits) or senior (earned 90 credits) standing.

Incomplete Courses

Students who have received an incomplete grade in a course through a prior arrangement with an instructor must go to the original instructor, or in his/her absence to the Department Chair, to make arrangements to complete the course. **Do not reregister for the course.**

Pass/Fail Regulations

Students in the College of Management may only take elective courses on a pass/fail basis. Required courses in general education, the management foundation, management core and concentration may not be taken pass/fail.

Non-Management Students In CM Courses

Non-management students may only register for AF 210, Financial Accounting, and AF 211, Managerial Accounting. With very few exceptions, which require prior written approval from the CM Office of Student Services, registration in all other College of Management courses is closed to non-management students. Exceptions to enroll in a particular course(s) require a written request to the CM Office of Student Services accompanied by official transcripts of all prior college level coursework.

PHYSICAL EDUCATION
SPRING 1989

Registration Procedures and Information

Registration forms for all Physical Education majors will be available in the Physical Education office (Science Building, 3rd floor) from 8:30 a.m. to 4:30 p.m., Monday through Friday during Advance Registration, November 28–December 2, 1989.

Advising

Faculty will be available in the Physical Education office to assist students with course selection during Advance Registration. It is advisable to call and make an appointment with a faculty member (929-8598).

Students who have completed a semester and have declared a concentration in Physical Education should make an appointment to see their faculty advisor. Faculty advisor assignments may be obtained from the secretary.

All Physical Education majors must fill out a major registration card each semester. Each faculty advisor will have these cards or they may be picked up in the secretary's office. Please check to see that your name is on the department list of registered majors.

Course Selection

Degree requirements are available in the Physical Education office. Physical Education majors are expected to complete the core curriculum as set forth by the College of Arts and Sciences and are required to demonstrate proficiency in writing as outlined by the College of Arts and Sciences. Further information about the Writing Proficiency Requirement can be obtained from CAS Academic Support Services, M/3/625.

Skill development courses may be listed in the schedule booklet as starting the first or second seven weeks. Courses starting the second seven weeks will commence the week of March 27, 1989.

Declared Majors

Registration forms will be available within major departments and must be returned to the Office of Registration and Records by 5:00 p.m. on Friday, December 2.

EARLY CHILDHOOD EDUCATION
ELEMENTARY EDUCATION
SECONDARY EDUCATION

(College of Education)
Spring 1989

Registration Procedure and Information

Registration forms for all Elementary/Early Childhood Majors and continuing Non-degree Students in the Elementary and Secondary Certification Programs will be available from Hannah Gilman in the Office of Student Services ILT (Science Building, 3rd Floor), from 8:45 a.m. to 5:30 p.m. from November 28–December 2 (to 4:00 p.m. only on Friday, December 2).

Any student wishing to register for Elementary Education or Secondary Education courses for the Spring, 1989 semester **MUST have the Registration Form signed by Hannah Gilman.**

Course Selection and Advising

Hannah Gilman will be available to assist students with course selection between 8:45 a.m. and 5:30 p.m. (to 4:00 on Friday) during the week of Advanced Registration.

Elementary/Early Childhood Education majors are required to complete the Core Requirements as set forth by the College of Arts and Sciences, and to pass the Writing Proficiency Exam.

Pass/Fail Regulation

Elementary Education and Secondary Education courses may NOT be taken on a Pass/Fail basis.

COLLEGE OF NURSING

Registration forms for the College of Nursing students will be available in the College of Nursing Offices (Science Building, 2nd Floor) from 8:30 a.m.-7:00 p.m., Monday through Thursday, and from 8:30 a.m.-5:00 p.m. on Friday, during Advance Registration, November 28 through December 2, 1988. Completed registration forms must be returned to the College of Nursing Office by 5:00 p.m. on Friday, December 2.

Each School of Nursing student must meet with his/her advisor during The Advance Registration Period to select courses and update records. Students' names and their advisors will be posted at the College of Nursing office.

SENIORS

All seniors must declare their intent to graduate by submitting a Declaration Graduation Form to the Office of the Registrar.

Deadline dates for submitting graduation declaration form:

For December 1988 ..... August 1, 1988
For May 1989 ..... December 2, 1988
For September 1989 ..... February 1, 1989

Records of students whose filings do not meet the above deadlines will be reviewed **after** those who do, and such students may **not** be listed in the commencement program and/or may experience other delays

If a student does not complete all requirements by the declared graduation date, then it is the student's responsibility to submit an updated declaration form to the Office of the Registrar to be considered for a new graduation date.

COLLEGE OF ARTS AND SCIENCES GRADUATION REQUIREMENTS

The Undergraduate curriculum in the College of Arts and Sciences is divided into three parts: preparation in general education, a major field of study, and electives to complement the breadth and depth of a liberal education. To assure that all students who are graduated from the College of Arts and Sciences have completed a rigorous and coherent course of study, the college has established a series of seven requirements for the Bachelor of Arts (BA) degree. Students in certain fields may receive a Bachelor of Science (BS) degree by completing an eighth requirement.

1. Freshman Writing Requirement

CAS students must take a year of Freshman Composition (English 101 and English 102) or gain a waiver. Freshman Composition teaches the fundamentals of expository writing and the presentation of research. Expository writing skills are necessary for term papers and written presentation of ideas in all CAS disciplines. Students who place into English 010 on the English Placement Test must complete the composition sequence Eng 010, Eng 101, Eng 102.

2. The Distribution Requirement

To assure that they develop a broad familiarity with the range of human knowledge, CAS students are required to take a total of 12 courses distributed among seven broadly defined areas. These areas are: The Arts, Historical and Cultural Studies, Philosophical and Humanistic Studies, Social and Behavioral Studies, Natural Sciences, Mathematics and Computer Sciences, and Foreign Languages. (See the accompanying description of the seven areas of study.)

100-level and 200-level courses that satisfy the distribution requirement contribute to general education through their breadth in one of the following ways: they survey a discipline or an important area within a discipline, they offer an interdisciplinary approach to their subject matter, or they use a relatively narrowly defined topic to investigate major themes in an area of study.

CAS students must take 12 courses distributed in six or seven of the seven areas. Student may take 3 courses in one of the areas; in the other areas they will count 1 or 2 courses. Foreign Languages: elementary language 101 does not count in the distribution until 102 is completed resulting in 2 courses in Foreign Languages.

3. The Core Requirement

Students entering Fall 1988 and thereafter	**STUDENTS WHO ENTER CAS AS FRESHMEN OR AS TRANSFER WITH FEWER THAN 30 CREDITS** must include 5 C core courses among the 12 distribution courses: three C100 level and two C200 level. These courses are designated by a "C" in the course number (e.g. Philosophy C108) and are often referred to a "C" courses. C core courses are specially designed to introduce students to broad conceptions of knowledge and the skills of writing, critical thinking and computation that are necessary for understanding them. They are introductory in character, but not designed as preparation for a specific discipline or as the basic course in a departmental major. "C" courses are limited in enrollment in order to provide more intense instruction in academic skills. Because offering these limited-enrollment classes places heavy demands on scarce faculty resources, NO MORE THAN FIVE "C" COURSES MAY BE COUNTED TOWARD THE DISTRIBUTION REQUIREMENT OR TOWARD GRADUATION. **TRANSFER STUDENTS** who enter with 31+ credits are required to fill the distribution pattern. They are not required to take C courses. They may take as may as 3 C100 courses and 2 C200 courses but no more than that.
Students who entered between Fall 1985 and Spring 1988	**ALL STUDENTS, TRANSFER AND FRESHMEN,** are required to include 5 C courses among the 12 distribution courses. some transfer courses were used in fulfilling the C course requirement. To ascertain which and how many transfer courses were assigned as C core courses students should refer to the Transfer Course Evaluation they received from the Admissions Office when they were accepted or to an "internal" transcript. Upon completion of the C course requirement no more C courses will count toward the 120 credits required for graduation.
Students who entered prior to Fall 1985	These students should see an academic advisor to determine core curriculum requirements.

4. The Writing Proficiency Requirements

Both the overall design of the Core Curriculum and the materials and methods of individual core C courses assist students in acquiring critical skills. Foremost among these is the ability to present ideas clearly, correctly and persuasively in English prose. For this reason, the College requires students to demonstrate proficiency in writing by either passing a proficiency examination or submitting a satisfactory portfolio of papers before the beginning of the junior year. This requirement holds for all students who entered CAS as freshmen in September, 1978, or thereafter,and for transfer students who entered CAS in January, 1979, or thereafter. Students absent from the College for two or more years and readmitted since Spring, 1985, must also pass the requirement prior to the junior year or before their second semester of full-time enrollment. Further information about the Writing Proficiency requirement is available in the College's Office of Academic Support and Advising.

The Writing Proficiency Examination: The examination is given three times a year. Dates are posted in the Office of Academic Support and Advising (M/3/625) and in the Mass Media. The next exams are scheduled for January 4, and June 6, 1988. A student should sign up one month in advance of the scheduled date in order to prepare the assigned materials, which should be picked up when the student signs up for the exam. In order to pass the examination, the student must write an acceptable essay based on a set of readings and a question designed to elicit evidence of thorough understanding of the readings, as well as the ability to synthesize material, draw inferences, and construct a well-organized response in good English.

NOTE that the Writing Proficiency Examination IS NOT THE SAME as THE ENGLISH PLACEMENT TEST, which all students take upon entrance to the College.

The Portfolio: The portfolio is an alternative method of demonstrating writing proficiency. It may be submitted at any of the scheduled exam times and in October. It consists of four papers, each at least five typewritten pages in length. Three of these are expository papers, written for courses, and based on reading materials. The instructor's assignment and verification of originality must be included for each of the three course papers. The fourth essay is a new one, written on a topic and series of readings distributed by the Office of Academic Support and Advising.

Failure to take/pass the examination/portfolio: Students who have not satisfied the writing proficiency requirement by the time they have accumulated 68 credits must take AS 044, a critical reading and writing course designed to help students pass the requirement. Students with 68-69 credits must have their schedules approved by the Director of the Writing Proficiency Program. Student with 90 or more credits who have not taken/passed the examination/portfolio are suspended until they have completed the requirement.

5. The Total Credit Requirement

CAS students must acquire a total of 120 credits to graduate. A maximum of 4 of the 120 credits may be earned in Academic Skills courses. Credits earned in ESL courses, other than ESL 100D, do not count toward graduation. At least 30 of the 120 credits required for graduation must be earned from the University of Massachusetts-Boston.

6. The Major Requirement

CAS students must complete the requirements of one of the majors offered by the college. Major requirements are listed by department in the University Bulletin. Students also have the option of designing an individual major under the supervision of a faculty member. Information on the Individual Major is available from academic Support and Advising.

7. The Grade Point Average Requirement

Students must achieve a minimum cumulative grade point average of at least 2.0 in order to graduate. Students who do not maintain the minimum cumulative average required to retention are subject to warning, probation, suspension, or dismissal. See the University Bulletin for details. Some major programs also require that students maintain a cumulative average of 2.0 in course taken toward the major. Consult major departments for more information.

8. The Bachelor of Science Requirements (optional)

CAS students majoring in biology, chemistry, earth science, mathematics and computer science, physics or psychology have the option of earning a Bachelor of Science degree. To qualify for a BS degree a student must, in addition to fulfilling the seven preceding requirements, complete six semester courses outside the major discipline from other sciences. Specific BS degree requirements for each major are listed in the University Bulletin under the major department.

WAIVERS

The Freshman Writing Requirement may be waived. Students should inquire at the Department of English.

Students who present evidence through placement scores or transcripts of intermediate proficiency (equivalent to the fourth semester of college work) in a foreign language will receive a waiver for two Foreign Language courses toward the distribution requirement. Native speakers of languages other than English are encouraged to apply for this waiver. Students granted a waiver in a Foreign Language need take only ten courses toward the distribution requirement.

Students who present evidence through placement scores or transcripts of work in Mathematics equivalent to college calculus (Math 141) will receive a waiver for two Mathematics courses toward the distribution requirement. Student granted a waiver in Mathematics need take only 10 courses toward the distribution requirement.

There are no waivers for the Writing Proficiency Requirement.

AREAS OF STUDY

I. **The Arts** approach the world through an awareness and use of forms of creative expression such as music, drama, literature, paintings, sculpture and architecture.

II. **Historical and Cultural Studies** concern the reconstruction and interpretation of the human past and seek to understand both literate and non-literate cultures.

III. **Philosophical and Humanistic Studies** focus on the analysis of concepts and values, social, ethical, religious, and cognitive, and interpret the world through the critical application of such concepts and values to experience.

IV. **Social and Behavioral Sciences** such as anthropology, economics, psychology, politics, and sociology analyze the world in terms of structures and processes of behavior, of social interaction, and of institutions.

V. **Natural Sciences** seek an experimental understanding and application of the laws that explain natural phenomena and approach the human world through a study of its natural elements, structures, and processes.

VI. **Mathematics and Computer Sciences** exhibit self-enclosed symbolic systems whose analytic pleasure and practical uses extend our sense of the nature and processes of human thought and the manageability of reality.

VII. **Foreign Languages** provide an understanding of human thought, feeling and culture through a study of the structures, meaning, functions, and development of speech; the study of a language not one's own improves mastery of one's own language and contributes eventually to the understanding of another culture.

COLLEGE OF ARTS AND SCIENCES COURSE LOAD POLICY

Students may enroll for no more that FIVE (5) courses. After the first semester, however, students may take ONE (1) additional course under the following conditions:

(A) The student's overall grade point average is 3.0 (or above) or the grade point average for the previous full-time semester is 3.5 (or above).

AND

(B) Written permission is secured from the Associate/Assistant Dean for Academic Studies.

INCOMPLETE POLICY

The grade incomplete (INC) is reported only where a portion assigned of required class work, or the final examination, has been completed because of serious illness, extreme personal circumstances, or scholarly reasons at the request of the instructor. If the student's record is such that s/he would fail the course regardless of the missing work s/he fails.

Permission of the instructor must be obtained and the **Form for Grade Incomplete** must be completed. These forms can be obtained from the appropriate Departmental offices.

A student receiving the grade of "incomplete" is allowed one year in which to complete the course. The new grade must be submitted to the Registrar's Office by the grading deadline for that semester, i.e., by the end of the **next fall** semester for spring incompletes. The grade for any course will be converted to the grade of "F" and the course cannot be completed.

N/A GRADE

The N/A grade may be placed on a student's transcript if the student has:

registered for a course, and
did not attend the course during the Add/Drop period, and
failed to drop the course by the published Add/Drop deadline.

The N/A grade does not affect a student's grade point average. The student is, however, responsible for all tuition and fees for the N/A course. The only condition in which the N/A grade may be removed from a student's transcript is if the student specifically withdraws from the course on or before the published withdrawal deadline.

Faculty who take attendance may submit an N/A by the designated deadline usually during the first month of the semester.

CLASS ATTENDANCE

Students whose names appear on a course roster may be asked to drop the course or be added to the end of the waiting list at the end of the second class session if they have not attended either class or have not communicated their intention of attending the class to the instructor or the department chair in writing. In the case of a class that meets only once a week, failure to attend or to communicate the intention to attend either to the instructor or department chair by the beginning of the second meeting will result in the same action

MANAGEMENT MINOR FOR CAS STUDENTS

The College sponsors a minor in management in collaboration with the College of Management. Prerequisites include Econ 101, Econ 102, Math 110, Statistics, the completion of 45 credits, a grade point average of at least 2.75 and completion of prerequisite site courses with a B- or better. More information and application forms are available in the CAS Office of Academic Support and Advising. Application Deadline for Fall '89: June 1, 1989.

UNIVERSITY ANNOUNCES NEW COURSE REPETITION POLICY

The Faculty Council and the chancellor have approved a new course repetition policy. This policy because effective Summer, 1988.

These are the highlights of the policy that you should know about:

- you may repeat any course regardless of the grade you earned in the curse (previously you could repeat a course only if you got a grade of "F").
- you may repeat a course **only once** (previously you could repeat a course as many times as it took to remove a grade of "F").
- you may choose to exercise the option of repeating courses only four times in your undergraduate career.
- if you choose to repeat a course, both grades for the course will be posted on your transcript but only the second grade will be counted toward your G.P.A.

Do you have any questions about this new policy? We bet you do! Here are some of the most commonly asked questions we've encountered so far. If you have any questions we don't answer below, call the Office of Registration and Records at 929-7200 or stop by the office located in the Administration Building, 1st Floor.

Q: I've taken Spanish 101 and 102. Can I repeat Spanish 101 for a better grade?
A: No. Courses that are offered in sequence cannot be repeated out of sequence.

Q: I'm repeating a course for the second time this semester. I didn't know about this policy until now and you've said that I can repeat a given course only one time. Will you count the grade I get this semester.
A: Yes. We will start implementing the restrictions of the new course repetition policy beginning Spring semester, 1989.

Q: I've withdrawn from a course. If I retake this course will it count as one of the four times I am allowed to repeat courses.
A: No.

Q: I've already repeated four courses in my career at UMass/Boston. I have to repeat another course to get into my major. What can I do?
A: Exceptions to the new course repetition policy can only be granted by the *Committee of the college that is offering the course you want to repeat.* You must check with that college's committee.

Q: What happens if I repeat a fifth course?
A: That course will not appear on your transcript. Nor will you receive credit for it toward your graduation.

Q: Should I inform someone if I want to repeat a course?
A: Definitely! You should always check with your advisor before repeating a course. In addition, you must fill out a Course Repeat Card in the Office of Registration and Records, Administration Building, 1st Floor.

HELPFUL HINTS

1. Always keep your receipts (registration, pass/fail, withdrawal, etc) to help resolve potential errors.

2. Be aware of deadline dates (ex. add/drop period, course withdrawal, pass/fail and pre-registration). The semester calendar is on the first page. Failure to comply with appropriate deadlines can result in severe academic or administrative penalties.

3. Drop or withdraw from courses by the appropriate deadlines. If you are registered for the course, you are responsible for dropping or withdrawing from it whether you attend the class or not. If the professor crosses your name off the class list, you must still drop or withdraw from the course through the Wheatley Registration Center.

4. Expect a schedule confirmation of courses for which you registered about three weeks into the semester. If you don't receive one, check with the Wheatley Registration Center.

5. Expect a bill for the amount of credits for which you registered. Review the bill carefully. Make sure you are billed for the appropriate number of credits. If you do not receive a bill check with the Bursar's Office.

6. Keep your address up to date in the Office of the Registrar. This is our best means of communication.

7. Keep your schedule books and/or schedule cards. You will need them for Final Exam room assignments.

COLLEGE OF ARTS AND SCIENCES
CORE WORKSHEET

* You must complete a total of 12 core courses.
* The twelve courses must include: Three C100 level courses and only three
  Two C200 level courses and only two
  7 other courses at the 100 or 200 level
* Core C courses are identified by the letter C, in front of the course number. All other 100 and 200 level courses count in the remaining Core distribution, except courses designated Z (Non-Core).
* You must distribute core courses among six or seven areas. The numerical pattern of the distribution will resemble one of the following, although not necessarily in that order.

Seven Area Selection	Six Area Selection
2 2 2 2 2 1 1	2 2 2 2 2 2
3 2 2 2 1 1 1	3 2 2 2 2 1

YOU MAY COUNT A MAXIMUM OF 3 COURSES IN ONE AREA TOWARDS THE CORE

* Foreign Languages - two semesters of a single foreign language if you begin with 101.
* Students generally complete the core during their freshman and sophomore years.

FILL IN ONE BLOCK ACROSS AND TWO BLOCKS DOWN
(3 Blocks down in one area)

- You receive FREE roommate matching service

PASSAGE TRAVEL INTERNATIONAL

See Back for complete details, departure schedule & reservation form.

GENERAL INFORMATION AND TOUR CONDITIONS

PASSAGE TRAVEL is a division of American Passage Media Corporation, the national leader in college media and marketing programs since 1975 We can offer you exceptional value-added travel packages because:

- we research, arrange and book our own travel packages
- our high volume allows us to negotiate the lowest prices
- we have 13 years' experience serving college students.

ACCOMMODATIONS: All are based on 4 persons to a room, with optional upgrades to triple or double occupancy. All hotels offer quality accommodations and are close to the "action", and/or "really" across the street from the beach. All packages include airfare, 8 days/7 nights lodging, transportation to and from the destination airport, and hotel taxes. Mexican packages also include free welcome Fiesta cocktail, paid entrance to nightclubs, discount coupons to resort activities and free souvenir gift. We offer roomate matching service at no extra cost. Roomates are matched on a first come, first served, same gender basis solely for the purpose of taking advantage of lower, multiple occupancy room rates. We cannot accept requests for roomate matching based on any other specifications.

MAJOR AIRLINES such as United, Northwest, Mexicana and TWA are used for transportation to our destinations with regularly scheduled flights—NO CHARTERS. In addition to the cities of departure listed in the price table below, transportation can be arranged from any city in the U.S.

PROOF OF CITIZENSHIP will be required when traveling to Mexico or the Bahamas:valid U.S. passport OR state-issued birth certificate with affixed seal OR voter registration card Non-U S citizens should contact us.

FEATURED DESTINATIONS AND HOTELS

CARNIVAL CRUISE AND FORT LAUDERDALE: This is the ultimate Spring Break package. You get the best of both worlds—a 3 day luxurious cruise aboard the Fun Ship Mardi Gras, including all you can eat of the excellently prepared cuisine and one night docked in Nassau. Also spend 4 days at the spring break mecca in Fort Lauderdale, famous for its co-ed covered beaches and crazy nightlife. A combo that will sell out soon—make your reservations today!
Fort Lauderdale accommodations are at the attractive high-rise Lauderdale Surf Hotel and Marina located right on A1A across from the beach. You'll be just blocks away from the famous Penrods, Summers, Candy Store, The Elbo Room and Buttons—where the good times are always easy to find

MAZATLAN: Nestled between a quiet blue bay and serene mountains on Mexico's Pacific coast, the city of Mazatlan enjoys a near perfect climate. The pace is strictly casual. The beaches are among the world's finest, with its warm blue waters a haven for parasailing and other water sports.
Base price accommodations are at La Siesta, located in the old town, just off the coastal boulevard. Upgrades are available at Azteca Inn (comparable to La Siesta, but located in the new town) and at the Holiday Inn (a first class hotel in the new town) on the beach with excellent amenities and live entertainment nightly.

ACAPULCO: In a country of sparkling beaches and enticing resorts, Acapulco stands out as Mexico's most legendary vacationer's stop The tradition of a jet set resort is faithfully lived up to, with exciting nightclubs and all forms of entertainment Come for the beaches, the sunsets, the restaurants, and the party. Acapulco truly has something for everyone!
Base price accommodations are at the Hotel Club Del Sol which is situated on the main drag across from the beach, with spacious rooms, and fully equipped kitchenettes—a haven for students. Upgrades are available at Las Hamacas (a first class property situated right on the beach), at the famous Los Flamingos (which sits on a hillside and has lovely swimming pools) or at the Calinda, also on the beach.

PUERTO VALLARTA: This sleepy little town has grown up to compare with any French Riviera resort. Beautiful. Sophisticated. Blessed with long, gold sand beaches and beautiful blue warm waters. Add to this the lively nightlife and excellent restaurants and you have Mexico's newest "in" resort.
Base price accommodations are at the Club Del Sol Conquistador. 150 yards from the beach with private access, spacious rooms and fully-equipped kitchenettes. It also has a private super market, 3 swimming pools, a giant water slide, and a 24-hour restaurant and bar. Upgrades are available at the Hotel Gloria Del Mar, some with kitchenettes, on the beach surrounded by well-known boutiques and night-spots. The best upgrade is the Vacation Club Hotel also on the beach. Features two-bedroom apartments, fully-equipped kitchens, dining rooms and a veranda (with hammocks) overlooking the ocean.

BAHAMAS: Everything is better in the Bahamas, the natives say, with the easy-paced island charm flowing as freely as the fine rum this paradise is famous for Shopping is a main attraction, with colorful open air markets and unbelieveable values. The beaches are beautiful and the waters warm. An added attraction is Casino gambling—try your luck at the tables!
Accomodations are at one of the newest hotels in Freeport, the Sun Club Resort, which features large rooms, many with kitchenettes Situated in downtown Freeport, close to the sea terminal and the famous International Bazaar. Oversized pool, tennis, restaurant, beauty salon, and laundry. Courtesy shuttle to the beaches. You receive a free rum swizzle on arrival, as well as several free admissions to local night spots and shows.

MAKING YOUR RESERVATION IS EASY

1) Select your travel date.
TRIP DATES AVAILABLE: All trip dates have been planned to coincide with your Spring Break. All trips depart on Sundays and return the following Sunday. FEBRUARY 19-26 • FEBRUARY 26-MARCH 5 • MARCH 5-12 • MARCH 12-19 • MARCH 19-26 • MARCH 26-APRIL 2 (cruise not available March 26-April 2)
2) Please fill out the attached reservation form and mail it, with your payment of $75 per person deposit (check, money order or credit card) to the address below. Or call (312) 647-6860 to make a phone reservation. Phone reservations will be cancelled if the attached form with your signature is not received in writing within 10 days of your call.
3) When we receive your deposit, a receipt and confirmation will be mailed to you along with an invoice for the balance due. *The balance due must be paid at least 50 days prior to departure.* We reserve the right to treat the booking as cancelled if the balance is not received on time. Hotels are assigned on a first-come, first-served basis upon final payment—best hotels go first. Should your first hotel choice be sold out, we will assign you to your second or third hotel choice or a hotel of similar quality.
4) Upon receipt of your balance due, we'll rush your tickets and travel documents to you

REFUNDS AND CANCELLATIONS: Deposits are non-refundable. Notice in writing at least 4 weeks prior to departure date is required for an acceptable cancellation. An acceptable cancellation entitles you to a full refund less the initial deposit.The full price will be forfeited if cancellation is received less than 4 weeks from departure date. You may send a substitute in your place. Trip cancellation and baggage insurance are available upon request.

GUARANTEED RATES AND FARES: Rates do not include the U.S. Mexican and Bahamian departure taxes. Air tariffs are subject to change. Although no airfare increases are anticipated, we recommend paying the total due at time of booking because Passage Travel guarantees no increase in fares once you have paid in full.
NOTE: Most hotels, as well as the cruise ship line, will require a damage deposit directly refundable to you. The amount and method of collection and refund depends on hotel rules, and will be indicated on your confirmation slip.

OUR RESPONSIBILITY TO YOU: Passage Travel has made arrangements with airlines, cruise ships, hotels, and other independent suppliers to provide you with services as described. We have taken reasonable steps to ensure that proper arrangements have been made for your vacation. However, Passage Travel does not accept any responsibility or liability for these independent suppliers, their agents, third parties, or events beyond our control; including, but not limited to, acts of God; weather conditions; accidents, illness and injury; loss or damage; delay; airline, train, bus or hotel policies, etc. In the event of a change or cancellation, we will try to substitute comparable services, but in any such event our liability will be limited to a prompt refund. Regarding roomate matching service, we do not make any representation with regard to suitability of roomates, nor do we accept any liability whatsoever based on or resulting from roomate matching.

Public Computing Facilities

User Services, Healey Library, Upper Level (929-7802)

Listed below are the public terminal rooms and microcomputer labs that will be available during the Spring 1989 semester. The normal schedule will change on holidays and during vacation periods.

HOLIDAYS: All Labs Closed
Monday, February 20 (President's Day)
Friday, March 17 (Evacuation Day)
Monday, April 17 (Flag Day)

USER ACCOUNTS: Students may obtain user accounts in Lab A, Healey Library, UL-015.

HARBOR CAMPUS

Vax/Cyber/Rainbow [Lab A]
Healey Library, UL(G2)-room 015, 929-7884
Macintosh SE [Lab C]
Healey Library, UL(G2)-room 030, 929-7608
Apple IIE [Lab D]
Healey Library, UL(G2)-room 032, 929-7608
IBM-PC [Lab K]
Healey Library, UL(G2)-room 028, 929-7608
Hours: Mon.-Thurs. 9a.m.-9:50p.m.
Fri.-Sat. 9a.m.-4:50p.m.
Sun. 1p.m.-7:50p.m.
IBM-PC [Labs E, F]
Healey Library, floor 3-room 009, 929-7818
Hours: Mon.-Thurs. 9:15a.m.-6:50p.m.
IBM-PC [Lab H]
Science Building, floor 2-room 015, 929-7857
Hours: Mon.-Thurs. 9a.m.-6:50p.m.
Fri. 9a.m.-4:50p.m.
Sat-Sun closed
Adaptive Computing Lab
Healey Library, floor 6-room 003
Contact Charlotte Corbett, 929-7612

DOWNTOWN CAMPUS

IBM-PC/Vax/Cyber/Rainbow [Lab J]
CPCS, floor 10 - room 006, 956-1136
Hours: Mon.-Thurs. 9a.m.-9:50p.m.

WORKSHOPS: The workshops listed below are offered at the beginning of each semester and are presented by Computing Services staff members. The workshops are open to students, faculty and staff on a first-come, first-served basis. Sign-up sheets for the workshops are located in the Healey Library, Upper Level, room 015.

Vax Log-on: includes logging onto the VAX; creating, naming, copying and editing files; compiling, linking, running a program; using electronic mail utility. *Prerequisite: Vax account*

Vax EDT Editor: covers the use of the full-screen EDT editor. *Prerequisites: Vax account; knowledge of topics covered in Vax Log-on workshop.*

Introduction to IBM-PC: covers use of the local area network; components of the IBM-PC, including the CPU, monitor, keyboard and disk drives; care and use of diskettes; file-naming conventions; basic DOS commands; formatting and and copying diskettes.

Introduction to WordPerfect: covers creating, naming, saving, retrieving, editing and printing a document in WordPerfect, a word-processing package available on Harbor and Park Square campus IBM-PC networks. *Prerequisite: IBM-PC workshop. (**materials:** 1 blank double-sided , double-density diskette)*

Special Undergraduate Automatic Approval Application

Apply Today

American Express® Card Application

Important reasons to get the Card while you're still in school.

As an American Express® Cardmember, you will enjoy a world of benefits and services designed to help you run your life more smoothly. Right now, while you're still in school, is the perfect time to start discovering all that Card membership can give you—including:

CONFIDENCE IN UNEXPECTED SITUATIONS

The American Express Card is there when you need it. Whether you get a last-minute invitation to visit a friend out-of-town or just run short of cash on the weekend, with the Card you'll be able to manage with ease. Plus if the Card is lost or stolen, you can get a replacement, usually by the end of the next business day.

OPPORTUNITY TO BUILD CREDIT

The Card helps you build credit—no easy matter when you're just starting out. Obtaining and using the Card now will help you to demonstrate financial responsibility and to build credit.

BETTER FINANCIAL CONTROL

The American Express Card can actually help you control your finances. The Card is a charge card, not a credit card, which means you must pay your bill in full every month—a feature that will encourage you to spend only what you can afford. Yet there is no pre-set spending limit—no fixed restriction on the amount you can spend. Purchases are approved based on your ability to pay as demonstrated by your past spending and payment patterns with the Card, and on your personal resources.

CONVENIENCE

Cashing a check, renting a videotape, buying the things you need, dining out with friends ... it's so much easier with the Card. Plus it comes in handy when you travel. Whether you're heading home for break or spending the summer abroad, use the Card for hotels and motels, or for air and train tickets.

TRAVEL EASE AND SECURITY

Whenever you travel, the Card gives you access to assistance and advice at over 1,400 Travel Service Offices* around the world. Plus, with the Express Cash program, you'll be able to get cash fast at over 14,000 automated teller machines around the world.

So don't wait to start enjoying the benefits of Card membership. Take advantage of the special student requirements that make it easier for you to get the Card now than it will be ever again. Apply today.

The Card.

Don't leave home without it.®

*of American Express Travel Related Services Company, Inc., its affiliates and Representatives worldwide.

Casio solar scientific calculators.

With these three calculators, Casio continues to give students and professionals the most features and functions for the fewest dollars.

Lesson 1: Our *FX-451M* gives you 132 total functions, including binary, octal and hexadecimal calculations and conversions. At the touch of a key, it provides you with 13 commonly used physical constants like the speed of light, Planck's constant and atomic mass. It gives you 16 metric conversion functions too, as well as a 10 digit display with 10 digit mantissa plus 2 digit exponent for greater accuracy.

And because the fruits of your hard work are worth saving, we've added a feature called Solar Plus™. Not only does it let you work in low—or no—light situations, it keeps the memory functioning, even with the power off.

Lesson 2: Our less expensive *FX-115N* also features Solar Plus and a 10 digit display with 10 digit mantissa plus 2 digit exponent. It offers you 116 functions, including statistics and computer math calculations, and it even calculates fractions.

Both our FX-451M and FX-115N come with a handy, comprehensive application book.

Lesson 3: Our most economical solar scientific, the *FX-300*, boasts 71 functions, an accurate 8 digit display, with 6 digit mantissa plus 2 digit exponent. It features statistics, permutations, combinations and convenient engineering notation.

Before you take Science 1 or 1001, take a lesson in economics from Casio's FX-451M, FX-115N, and FX-300. You'll be amazed, not just by how much they can do, but by how little they'll do it for.

CASIO
Where miracles never cease

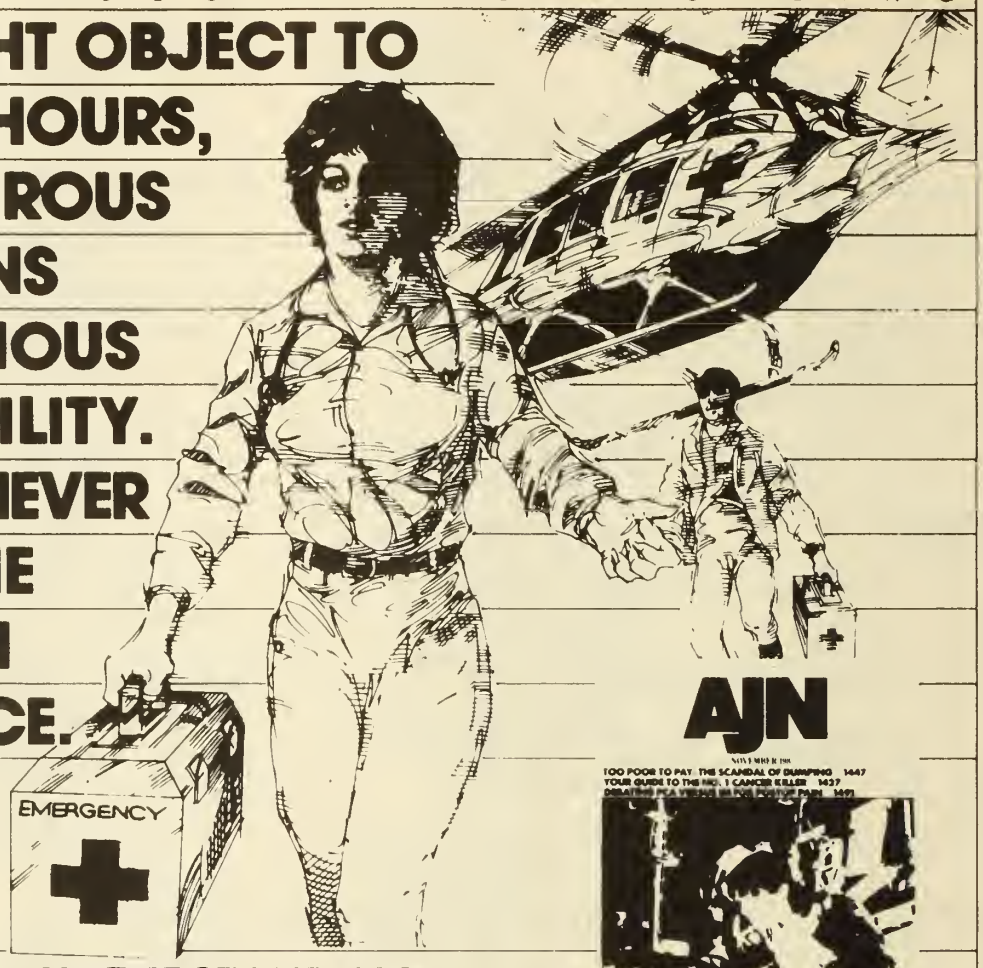
AMERICAN JOURNAL OF NURSING

SOME MIGHT OBJECT TO THE LONG HOURS, THE DANGEROUS CONDITIONS THE ENORMOUS RESPONSIBILITY. BUT YOU'D NEVER GIVE UP THE VIEW FROM YOUR OFFICE.



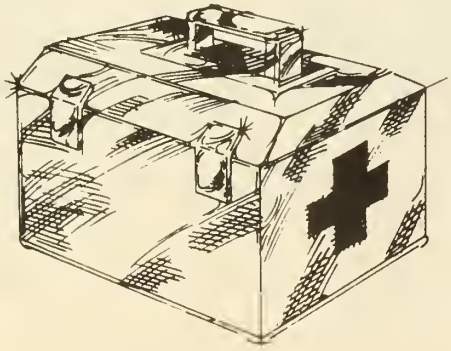
YOU NEED SOME UNDERSTANDING

Some things they don't teach you in nursing school. Like how to reassure an accident victim in a bucking helicopter at 3,000 feet. But the good nurses manage it. The ones who read AJN.

You see, our articles don't assume that all emergencies happen in convenient proximity to well-staffed hospitals. We know better. We're nurses, just like you.

That's why we feature practical, real-world approaches to nursing technique — the kind that make sense and ring true. Plus career opportunities you'll find nowhere else. Articles for continuing education credit. And the widely acclaimed Nurses' Drug Alert.

So if you're looking for ideas and skills that can make you more informed, competent and confident at what you do, turn to AJN. Wherever your job takes you, we'll be there; talking person to person, nurse to nurse.



Nobody understands you like

AJN

P.O. Box 1726
Riverton, NJ 08777-7326

Now with a fresh new look!

The World Is Still The Greatest Classroom Of All.

Applications are now being accepted for the University of Pittsburgh-sponsored **Semester at Sea.**

Each fall or spring 100-day odyssey aboard the American-built S.S. Universe literally offers you the world.

You can earn 12-15 transferable units from your choice of more than 50 lower and upper division courses, while calling upon places as culturally diverse as Japan, Hong Kong, India, Turkey, the Soviet Union, Yugoslavia and Spain.

It is a learning adventure designed to transform students of every color, race and creed into true citizens and scholars of the world.

For full information, including a catalog and application, call 1-800-854-0195 / 1-412-648-7490 in PA. Or write Semester at Sea, Institute for Shipboard Education, University of Pittsburgh, 2E Forbes Quadrangle, Pittsburgh, Pennsylvania 15260.

Then prepare for the learning adventure of your life.

TREMENDOUS DISCOUNTS ON

HEWLETT-PACKARD CALCULATORS

WE WELCOME PURCHASE ORDERS FROM WELL-RATED SCHOOLS & UNIVERSITIES

EXCITING NEW RELEASES

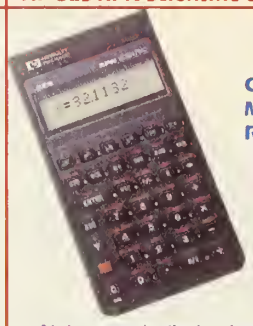
HP-22S Scientific Calculator for Students

Order No. 491671
Mfr. Sugg. Ret. $59.95

$43

- Algebraic entry system, alphanumeric display
- Equation-solving feature
- Built-in equation library
- Polar/rectangular conversions
- Two-variable statistics with linear regression
- Base and English/metric conversions

HP-32S RPN Scientific Calculator



Order No. 491663
Mfr. Sugg. Ret. $69.95

$50

- Alphanumeric display, keystroke programming
- Equation-solving feature
- Two-variable statistics with linear regression
- Complex numbers and numerical integration
- Base conversions and arithmetic

Hewlett-Packard has always set the standard for scientific and financial calculators. We welcome two new scientific models, **the HP-32S and HP-22S,** both of which offer many of the advanced features of our high-end calculators at a more affordable price. The ease of use, plain English displays and low price make these new additions ideal for the entry-level user. **The HP-28S, 27S, 19B, and 17B, introduced earlier this year,** remain state-of-the-art on the basis of their incomparably powerful functions and unique ability to interface with HP's portable infrared wireless printer, the HP-82240A.

HP-27S Scientific Calculator

- Technical and business functions
- List based 1 and 2 variable statistics and curve fitting

Order No. 485583 Mfr. Sugg. Ret. $110

$77

HP-28S Advanced Scientific Calculator

- 32K bytes of available user memory flexible graphics with graph storage and recall
- Symbolic algebra and calculus

Order No. 485575 Mfr. Sugg. Ret. $235

$165

HP-17B Business Calculator

- Complete set of business functions
- Number lists with running totals and forecasting

Order No. 485559 Mfr. Sugg. Ret. $110

$77

HP-19B Business Consultant II

- Business graphics
- Name and number lists with running totals and forecasting
- Most built-in functions available in a business calculator

Order No. 485567 Mfr. Sugg. Ret. $175

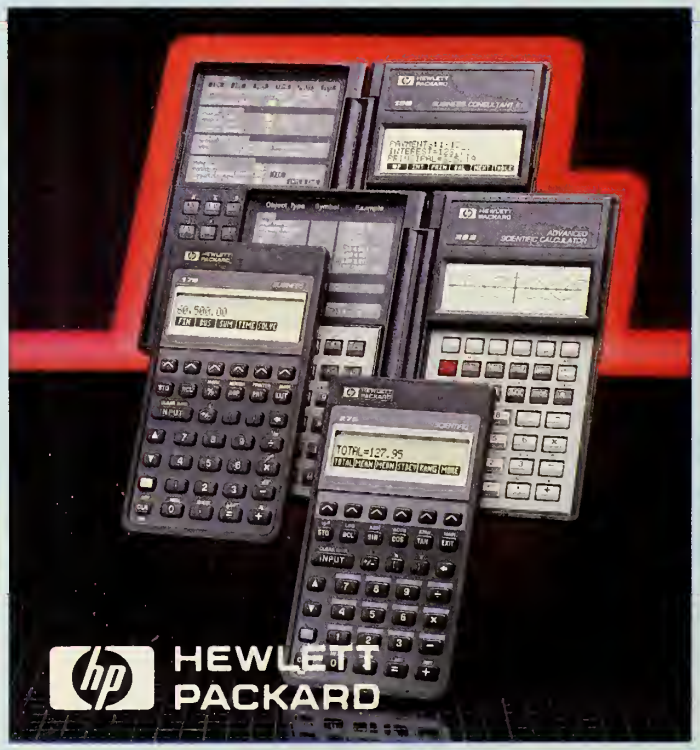
$121

HP-82240A Infrared Printer

- Wireless! Selective or continuous printing via infrared signals
- Plug-in compatibility with: 17B, 19B, 27S, 28S, only the HP41 CV and CX require module #HP 82242A (Ord. No. 454322)

Order No. 441816 Mfr. Sugg. Ret. $135

$100



We stock all other Hewlett-Packard Calculators, Accessories and Supplies at huge discounts too!

GET YOUR START IN NUCLEAR ENERGY WHERE NUCLEAR ENERGY GOT STARTED.

You've already chosen a career in a technical field—a career with a future. Now choose the perfect way to launch it: The Navy.

There's no better place to put all your technical training into practice than as an officer aboard the Navy's nuclear-powered ships.

The Navy launched the first nuclear-powered submarine in 1955. Today, the Navy operates more than half the nuclear reactors in the U.S. and is a recognized leader in their development and operation.

As more nuclear-powered ships join the fleet, there is a greater need for qualified people.

If you're one of those people, the Navy can offer you a unique experience.

You'll work with top people and sophisticated technology. And you'll get all the challenges and responsibility you can handle.

Be part of an elite team.

See your Navy Officer Programs Officer today or call 1-800-327-NAVY.

Experience tomorrow's technology in today's Navy.

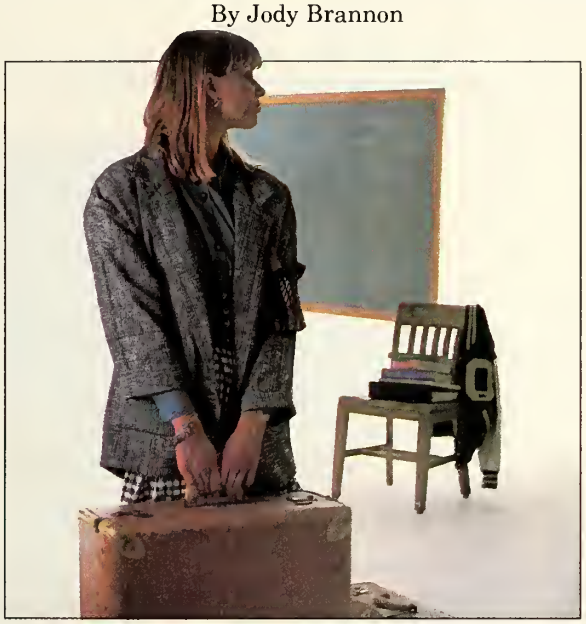
Fighting the Flunk

Colleges gear up to keep students in school

By Jody Brannon



Nobody likes flunkies.

Dropping out of college is one thing, but failing to make the grade is another.

Students don't want to face family and friends as a failure. And colleges do not want to lose either the money a student spends over a four-year college career or to admit its academic screening process or advising system malfunctioned.

That's why in today's competitive college environment, schools strive just as hard to retain students as most students are trying to gain a solid education.

Today, schools with a 20 percent attrition rate straddle the national norm; the more selective and prestigious schools have attrition rates under 10 and perhaps as low as 2 or 3 percent. Each institution has its own formula for keeping first-year collegians in class as they face what one educator called "An incredible set of expectations."

Freshmen, with new academic and social pressures, tend to founder the most. Across the country, most colleges and universities have learning centers staffed by people trained to help students refine the basic skills needed to survive in college. These may range from hints on note taking to how to write a paper or how to read faster with greater comprehension.

These schools are not just pulling out the academic red carpet for the high-profile athletes whose heroics are needed on the field or court. Athletic programs may pull in the bucks but most of the students—those who go on to become business and community leaders who donate to alumni funds—are the ones colleges need to stay in schools. They are the ones upon whom the university's long-term reputation rests.

Most colleges schedule workshops or mini-seminars designed to polish study skills. If special help from professors isn't enough to overcome a problem, special faculty advisers may be available. Many schools even provide free tutoring.

At Notre Dame, for instance, free tutoring is available in situations where academic problems are "over and above what is reasonably expected of teachers," said Emil Hofman, dean of the College for Freshmen.

Notre Dame was a trailblazer in addressing particular needs of incoming freshmen. The College for Freshmen was conceived in the early 1960s but was not fully implemented until 1973. Today, more and more schools are developing their own freshmen programs, but few attain the scope of Notre Dame.

All first-year Fighting Irish enter what is called the Freshman Year of Studies. This curriculum is designed to make college manageable—academically, socially and emotionally.

Sessions with professors, private tutoring or services provided by the learning resource center are mere "Band Aids" for helping students overcome academic deficiencies, he said. Notre Dame's goal is to face the problems behind problems.

"We address what is the most troublesome feature of young life very directly," he said. "That troublesome feature is uncertainty."

Faced with so many options, young people sometimes flail, then fail. College, Hofman says, is an opportunity to discover what life has to offer and to learn about the hundreds of directions it can lead. Notre Dame's freshman academic slate requires students to delve into humanities, natural sciences, math, social science and fine arts.

This helps freshmen feel as if they are all in the same boat, Hofman said. When peers face similar academic challenges, problems seem surmountable. Further, each of Notre Dame's 1,800 freshmen is assigned a staff adviser and a peer adviser. Touching base with each adviser is mandatory. And sometimes, if a shockingly poor test performance or an overtly inappropriate action catches the attention of a faculty member, an adviser may require more meetings. Together, teacher and student will try to get to the base of the problem, whether it is academic or personal.

On the personal side, many universities such as Notre Dame concentrate on helping students adjust to campus life. A happy student is a student who stays in school, the theory says. So in South Bend, Ind., features of the freshman support system include shopping trips, picnics on Lake Michigan, snow parties and freshmen date nights, Hofman said.

Notre Dame's program is so effective, Hofman said 98 percent of the freshmen return for their second year. Those are the kind of numbers many schools lust over. Where many schools are incorporating some of Notre Dame's methods into their programs, they still must be individually refined.

For instance, at Evergreen State College in Olympia, Wash., the curriculum is far less structured than most colleges. In the mid-'60s, Evergreen's masterminds conceptualized a college that "would be a community of students, faculty and staff working together harmoniously and creatively."

Today, incoming students embark on what is called a "career pathway,"

which is the academic road toward achieving the interdisciplinary liberal arts degree. First-year students are encouraged to enroll in the yearlong core program, a foundation that leads to more specific study. At Evergreen students might enroll in "Reflections on Nature," or "Democracy and Tyranny." The core programs delve into literature, writing, history, philosophy, statistics and/or math and logic.

Stepping from high school into Evergreen's highly intellectual and independent-minded environment can be overwhelming. The adjustment process begins at autumn orientation.

First comes an informal Who's Who session. Directors of the support services are introduced. The 15 program secretaries, who know the ins and outs of their specific programs and professors, are on hand. Students learn about KEY, which stands for Keep Enhancing Yourself, and the various academic and personal skills development opportunities available through that department.

Returning students attired in matching blue T-shirts swarm around campus in the first weeks of a term. Approach someone in the blue T-shirt and receive friendly peer advice on subjects from how to deal with a certain professor to how to adjust to a roommate.

These peer advisers throughout the year hold regular sessions with small groups of freshmen to discuss life as a freshman. This rap group shares experiences, advice and perspectives. At these meetings, the students learn they are not alone and are facing many of the same, unvoiced problems of fellow freshmen.

If these rap sessions aren't enough, the core programs have potlucks and retreats. At Evergreen, as many other schools, communicating is the key to keeping students enrolled.

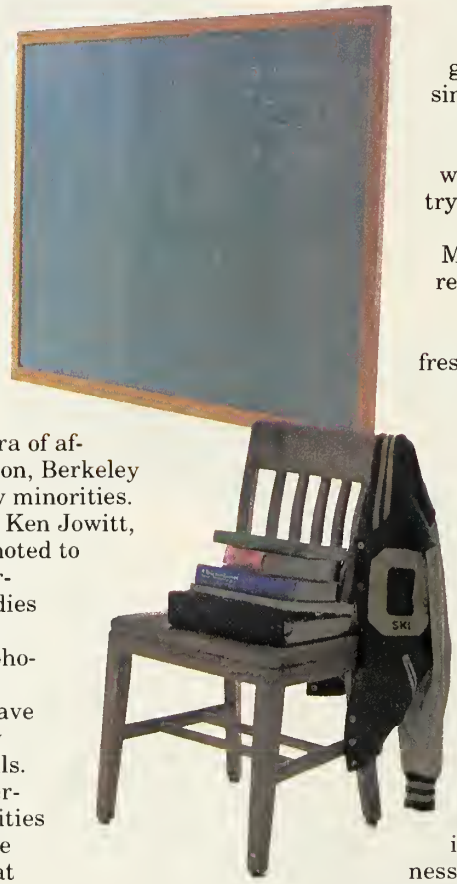
In 1970, Illinois Wesleyan felt a 20 percent attrition rate was unacceptable. Tim Barbour, now registrar at the Bloomington campus, decided to find out why. Exit interviews were conducted. He determined that about 10 percent of the students, through illness or relocation, could not be expected to stay. The other 10 percent, however, were in high-risk groups Barbour felt he ultimately could convince to stay.

The majority of those students leaving were those with an undecided major. At Wesleyan, it's too expensive to be undecided, students said. "So we made academic advising the cornerstone of our retention program," Barbour said.

Advisers were assigned and the attrition rate was cut in half, he said.

But Barbour wanted better. Further talks with students showed that many were leaving because they didn't feel their grades were good enough. After being academic all-stars in high school, many were abashed at their GPAs, Barbour said. They knew that a 2.3 wouldn't cut it in their goal to enter law or med school.

So again Wesleyan refined its academic services, offering writing workshops and free tutoring through the Academic Skills Center. Now, just a handful of the 480 freshmen fail to return as sophomores, Barbour said.



At the University of California at Berkeley, attrition problems are much more severe. In the era of affirmative action, Berkeley recruits many minorities. Frankly, said Ken Jowitt, recently promoted to dean of undergraduate studies from dean of freshman-sophomore studies, many don't have the necessary academic skills. He said 72 percent of minorities don't complete their degree at Berkeley.

Because of such numbers, Jowitt expects significant changes in the nation's education structure. "I'm for having a retention program that is absent in academia right now, and that's one in courage," he said. "I'm suggesting that if you're coming to a prestigious university that makes demands on you that you can't meet right now, you may need a half-year or year of help."

He thinks many students need training before they can successfully carry a college workload, and he said the "overtaxed" Student Learning Center can't solve all the problems. Programs that recruit only middle-class students can survive easily, he said. However, those that target minorities may need to devise a program that essentially waives tuition costs for up to a year, during which time the students would overcome learning deficiencies through intense remediation.

Where Jowitt lobbies for a beginner's curriculum designed to help students with communication skills, the University of South Carolina has refined a class that lets freshmen "assimilate the university culture and environment."

University 101 is a three-credit-hour class that about half of South Carolina's 3,000 freshmen take. The program has come a long way since it was implemented in 1972. It began after a riot by disillusioned students, which lead the president to try to "humanize the university environment," said Mary Stuart Hunter, co-director of the University 101 program.

First came a redesigned freshman seminar that helped incoming students adjust; but adjunct to it was a faculty development workshop designed to explain the mindset of freshmen and to refine their teaching skills.

Today, each instructor teaching University 101 (South Carolina has about 60 sections yearly with 20 to 25 students in each) must participate in a 40-hour workshop. The program changes with the times, discussing drug and AIDS awareness, as well as providing specifics on how to use campus services to get help with refining study skills or career development.

South Carolina feels it has "championed the cause for freshmen" and regularly invites educators to Columbia to learn ways to make freshmen happy and therefore enrolled. Schools from Bentley College in Massachusetts to Southern Illinois at Carbondale have developed their own University 101 programs.

Catering to the needs of freshmen doesn't mean there won't be drop-outs, transfers or flunkies, but it does ensure that those students determined to finish college have the opportunity.

Jody Brannon is a Seattle-based writer who attended six colleges and graduated from two.

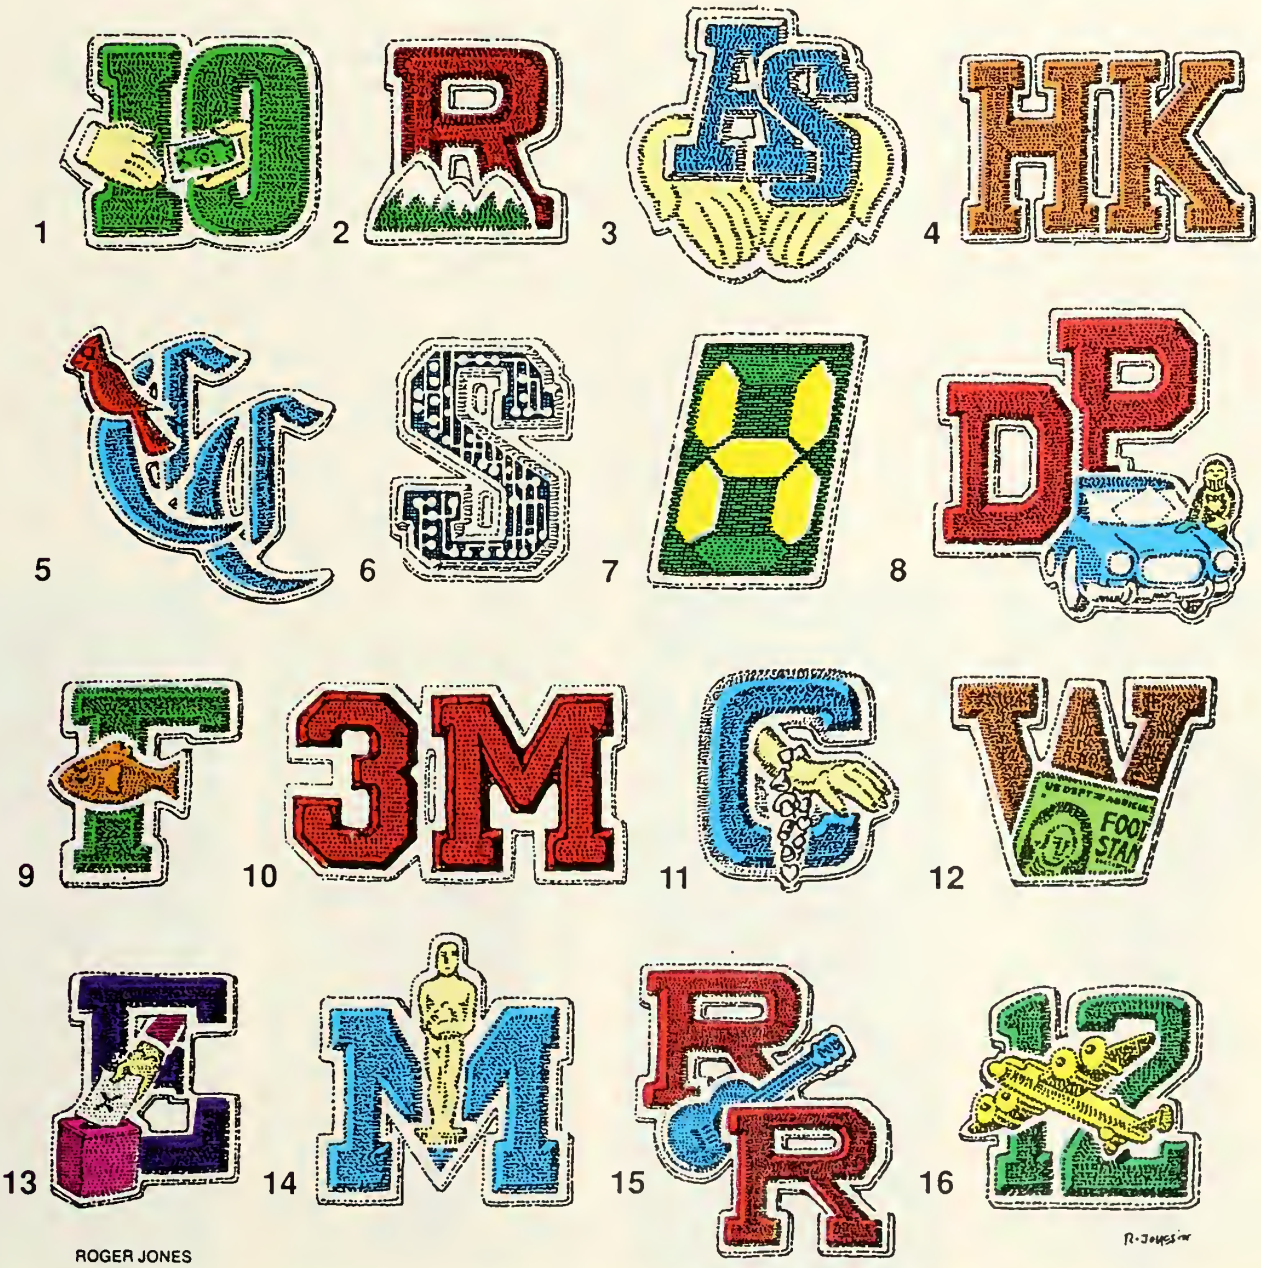
HIGH TECH

By Don Rubin

Semester Magazine will send one of you lucky geniuses who can solve all 15 nicknames to *MEXICO* for *Spring Break 1989*. The trip will include round-trip airfare for two, and six nights at a hotel in either Matzatlan or Cancun. We'll even throw in 380,000 pesos ($200) spending money!

To Enter: Complete the form found in the local advertising section of this directory and mail to the address on the form. Only entries received on the form, or copies thereof, postmarked prior to January 20, 1989, will be accepted. Complete contest rules can be found on the entry form.

Each of these letters should suggest the name of a "school" or "college" or "university," etc. (Example No. 4, for instance, is the *School of Hard Knocks.)* You can earn *YOUR* letter by naming them all.



Students of Style

College students get high marks for fashion finesse

By Marilyn M. Bailey

It might not be what they're showing at the salons in Paris but college students all over the United States have an eye for fashion that's just as distinctive as Chanel's short cropped jackets and tailored suits.

And while almost every campus reflects its own style, the underlying trend from the University of Wisconsin to the University of Kentucky to Washington State University relies on one thing—comfort.

Faded jeans with ripped out knees and oversize sweatshirts with a logo emblazoned on the front make up part of the college look. Cotton sweaters, fitted jeans and spiky shoes combine to form a style that says these clothes are fun but functional.

You won't find a lot of synthetics here. These are clothes made from cotton and natural fabrics. These are clothes that last, clothes that feel good, clothes that aren't restrictive in any way. Clothes that are identifiable as collegiate to the core.

You need only to go to any department store and check out the clothing sections that cater to the 18-23 age group and you'll find shoppers who have a talent for pulling together a wardrobe of eclectic items.

"Really the college market is unique," says Glenn Farraye, the northeast sales representative for Generra, a Seattle-based clothing manufacturer that scores well in the college-age market.

"The college student is buying apparel that will last a couple of years as opposed to the person who has a little bit more expendable money to be able to buy something, wear it once and put it in the back of his closet. So what they're looking for is a more relaxed style."

This relaxed style shows up in clothes that are comfortable yet make a statement about the individual's personality.

"College is a great time of life," says Mike Alesko, president and founder of International News, the company whose clothing has found a niche in the 18 to 23 age market. "There are no real parameters and there's a real 'go for it' attitude so the best surfaces. So what you have are a lot of free lance artists who have no demand to be regimented."

Alesko says college students as a result are looking for that which makes them feel good and

Photos by Wynn Kendall

has value at the same time.

"And comfort is the key ingredient. They have the ability to intermix and interchange with whatever is dominant and they're choosing products that show they feel good about themselves," said Alesko.

Another company which does well with the college-age buyer is Esprit. According to Lisa De Neffe of Esprit, their main market is targeted toward the 26-year-old, but as she says, "No one at Esprit wears a suit to work."

Esprit emphasizes that everyone sets his own style and the importance of the individual, and according to De Neffe, Esprit gives the buyer the tools to that. Their clothes are comfortable and casual and this fits in well with the college student's lifestyle.

Clothes are colorful and may have a whimsical touch but they're functional and useful. De Neffe says Esprit's two super stores—one in Los Angeles and in Georgetown, both located near college campuses—draw considerable business from the collegiate crowd. The West Coast store tends to be a little more trendy and fast-paced, and the D.C. store a little more preppy.

So what are the differences coast to coast? According to most fashion experts they are more environmental than anything else.

"You see a variety of looks on the college campuses," says Kathy Valentine, fashion director for Nordstrom's Tyson's Corner store in McLean, Va. "Depending on where the student comes from—if it's a beach area, the fashion is a little more relaxed, like jeans with holes in them. In the Northeast, it's high fashion which means instead of jeans, students wear mini skirts and tights and then there's the preppy look with fitted jeans and pennyloafers."

So what will we be seeing on campuses this fall that fits this mode? The experts say more of the same with lots of colors.

"For a while everyone was into black, but this fall it's purple and fuschia and reds. The black is still there but they're adding to it," says Valentine.

At Generra, cotton is still king and Farraye predicts a little more dressy look in some areas. For men there are all cotton pleated trousers with cuffs and fabrics that have patterns. Many of their clothes will have leather trim along the seams for a more distinctive look.

In addition to the bright colors, companies such as Esprit will feature colors such as plum and browns which work well with their mix and match concept.

As always jeans are the mainstay around which the wardrobe revolves. Faded jeans are still hot although the acid wash look is fading.

College women will continue to borrow from the men's look with oversize outfits and lots of layering, although fitted cotton knit sportswear is big this season with colorful tops paired with snug skirts which hit anywhere from thigh high to top of the knee.

Also instead of skirts, walking shorts are shown with short and long fitted jackets. The look is pulled together with colorful matching or contrasting tights.

While solids are still prevalent, this fall the plaid craze has hit as well as more paisley designs and tiny "interesting" patterns. Socks, either rolled or scrunched down with low boots, are ablaze with color. Accessories for women show either oversize or tiny little purses and big, novelty odd-shaped earrings. Sport watches are still in for guys.

And, of course, there's the preppy look with oxford cloth blouses or shirts or cotton polo shirts and khaki pants, madras shorts and loafers.

But whatever the college student chooses, you can bet on one sure thing—it'll be selected with an eye to what looks and feels good.

"That's what's wonderful about college," says Alesko. "You search out what you want to be part of. College students are pretty good entrepreneurs of their own destiny, whether it's shorts or T-shirts, they're comfortable with their bodies and in tune with the world."

Marilyn Bailey is the editor of Semester Magazine.

RISING TO THE TOP

Mike Sims talks to voters on the campaign trail. *Photo by Sam Pierson*

Recent grads make the national spotlight

By Terri Martin Yates

Success. It's measured in many ways. Through achievements, through recognition and—oftentimes—in dollars and cents.

But two recent college graduates have broken what seems to be an unspoken rule (All College Graduates Want To Make Money—And Lots Of It) and have found a type of success which isn't exactly earning them a bankroll.

Success without money? A contradiction in terms? Not really. For Mike Sims and Sandy Vander-Heyden are successful—that is if being in the national spotlight shortly after graduation counts. And although they're not bringing home big bucks, both are content to have a supporting role in two of 1988's most-talked-about events: the presidential campaign and the Summer Olympics.

Sims, a May 1987 graduate of Texas A&M, is getting a behind-the-scenes look at politics as a travel aide to Democratic vice presidential nominee Sen. Lloyd Bentsen, while Vander-Heyden, a graduate of the University of New Hampshire in Durham, is preparing for international competition as a member of U.S. Field Hockey Team.

Sims, who spends much of his time on the road with the senator, says he more less fell into his job. In May 1987, Sims was completing his undergraduate work in agriculture education at Texas A&M and preparing to enter law school. He'd already been accepted at Southern Methodist University and was on the waiting list at the University of Texas.

But the week of graduation he learned of an opening as a research assistant in agriculture and banking on Bentsen's staff and—with the help of Congressman Pete Geren (whose campaign Sims had worked on in 1986)—he got the job.

"I packed up everything my Camaro would hold," says Sims, "and I bought a map at Wal-Mart to show me how to get to Washington, D.C."

After six months in Washington, another opening come up; Bentsen needed a travel aide back in Texas. Sims jumped at the job and returned to Bentsen's Texas headquarters in Austin, where he now lives. At that time, Sims' job included doing advance work and follow-up work for the senator, such as finding accommodations, planning itineraries and writing follow-up and thank you letters.

But the most exciting portion of Sims' career has come since Democratic presidential nominee Massachusetts Gov. Michael Dukakis named Bentsen as his running mate. Now, as travel aide to the senator, Sims is getting a first-hand look at the '88 campaign and national politics.

In his job, Sims keeps the senator informed of his agenda, carries the Cellular phone and travels the country with six other aides on the campaign plane. "My job is to provide the senator with anything he needs," said the 23-year-old Texan.

One of his campaign duties was setting up the senator's office at the Democratic National Convention in Atlanta. That meeting, Sims says, was his best experience in the job to date. "I'm a newcomer to this game," he says. "But even as a novice, I could really feel that the Democratic Party was drawn together. It was fabulous."

Sims is a newcomer to a national campaign, yes, but to politics, no. As a student at Plano Senior High School in Plano, Texas, which is just north of Dallas, Sims was voted vice president of the Texas chapter of Future Farmers of America, a group which then had 60,000 members. "That's really where I got interested in it," he says. "In a group that big, there's a lot of politics involved."

His political interests continued in college, where Sims was student body president during his senior year. But, he

says, none of his experiences compare to the work he's doing for the senator.

"The main thing I tell people is that I consider myself to still be in school—a two-year laboratory class. It's exciting, but there's a lot of responsibility placed on me. If one thing goes wrong, it can really snowball into a lot of other things. Then you're in trouble."

As for monetary rewards, Sims says his salary, which is between $15,000 and $25,000, is adequate. "I'm not getting rich off this...Like everybody else, I've got a VISA card and I try not to get past-dues too often," he says. "My salary is comfortable, but by no means generous."

As for the future, Sims says he hopes to go to law school in the fall of '89.

But for now Sims is content in his role in politics. "I'm learning a lot and watching other people do their jobs," he says. "I think I'm effective at maintaining a high level of professionalism and I'm learning to work and communicate with people who are much older than I am. But I'm sure some people are still saying, "Who's this kid riding the campaign plane?"

"Hopefully, when this is all over, they'll have some respect for me, too."

* * * * *

Although field hockey is a tradition in Sandy Vander-Heyden's family, the member of the U.S. Field Hockey Team wasn't so sure she wanted to pursue the sport in college.

She'd played field hockey at New Hampshire's Wilton High School and had two sisters on collegiate teams, but Vander-Heyden was eyeing another sport when she enrolled at the University of New Hampshire: basketball.

"I looked around and the basketball players were really good...so I went out for field hockey instead—because I didn't think I could make basketball," she says. "That's the best decision I ever made."

Vander-Hayden shows her form.

That choice not only placed Vander-Heyden on a strong UNH team, but led to her being picked for the Olympic team alongside two of her UNH teammates.

The U.S. Field Hockey Team was chosen in 1986 after a series of Olympic Development Camps. Vander-Heyden says she attended the camps in hopes of improving her game; making the actual team was a bonus.

"Our college coach said it was a good way to build your skills, so I went," said Vander-Heyden. "They made selections each week," she continued. "You'd start at C-Camp, the first level. Some people from there would go on to B-Camp, then to the top camp, A-Camp. When it was over, I was left."

"Sandy was always a very strong leader on the field," says UNH assistant coach and former teammate Karen Geromini. "She had an underlying confidence and at one time she was probably the best rusher in college hockey. Anytime we needed a defensive spark, Sandy came up with it."

Photos by Paul Chalue

Sandy Vander-Hayden

But along with improving her skills as a player, Vander-Heyden, 23, made certain sacrifices to attend the summer camps. Originally a pre-veterinary medicine major at the university, Vander-Heyden was faced with a decision. She could either spend her summers working at internships to beef up her resume for vet school or spend her time off at the developmental camps to improve her game.

The left-back chose the latter and a new major: physical education.

The May '87 graduate has spent much of her time traveling and training with the 16-member field hockey team. Since selections, the team has traveled to tournaments in Australia, Korea, Holland, Scotland, England and Spain and has done quite well. The team defeated the Olympic team from Argentina, which was ranked fourth going into the Games.

Holland, ranked No. 1, will be the first team the U.S. plays in late September.

Vander-Heyden says the U.S. team is happy with its No. 5 ranking. "It's a good ranking to have," she said. "We're looking at this like we're the underdog instead of having pressure on us."

But win or lose, Vander-Heyden says her experience on the team has been a good one. She's traveled the world—something she says she would never have been able to do otherwise—has made a lot of good friends among the team members and has seen an entirely new side of her chosen sport.

"In the U.S., field hockey's not a big spectator sport, but in Europe people really come out for it," she says. "In one tournament in England, 40,000 people came to watch us play. I've never seen that many people at anything but a football game."

But Vander-Heyden will likely see such crowds at the Summer Games and at least one face will be familiar. Helena Vander-Heyden, Sandy's mother, will be among the spectators in Seoul.

But chances are Mrs. Vander-Heyden and her husband Andre have seen more than their share of field hockey while their children were growing up. Daughters Pam, 28, and Debbie, 25, both played at New Hampshire colleges and Kristin, 19, recently joined the UNH team. "We've got a very athletic family," Sandy Vander-Heyden says. "I think they're more excited about the Olympics than I am...They're proud of how hard I've worked for it."

After the Games, Vander-Heyden says she'll hit the job trail. She doesn't have anything lined up, but would like to coach field hockey on the collegiate level. "I can see myself as an assistant coach somewhere," she says. "With a little teaching thrown in."

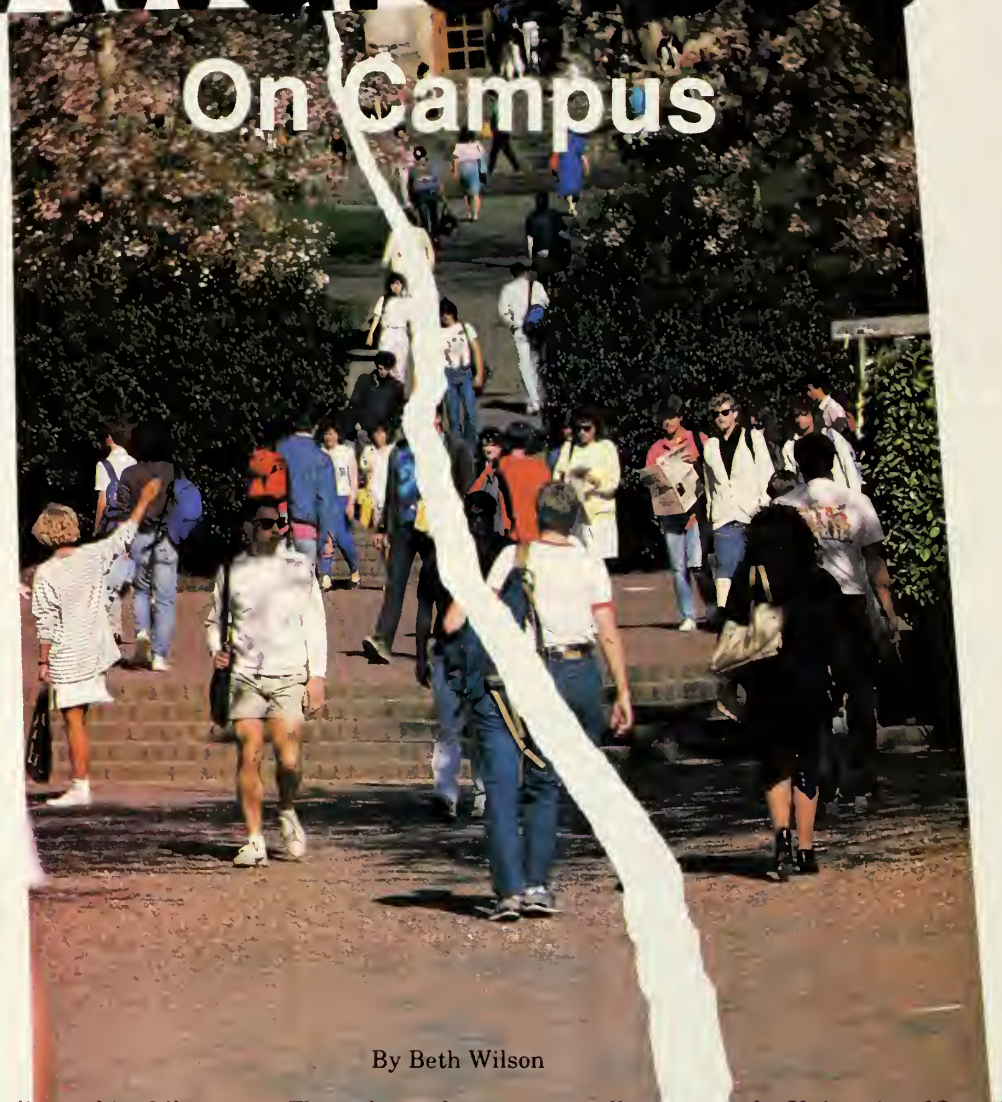
AIDS Awareness On Campus



By Beth Wilson

Raul Collazo believes his fellow students at the University of Georgia pay more attention when he tells them about the dangers of AIDS than they would to a college official.

But the 21-year-old psychology graduate student says acquired immune deficiency syndrome still is an issue that seems like a distant problem to many students and they may not be putting into practice what they know about protecting themselves.

"It hasn't hit home for most of them, so they don't realize how serious it is," Collazo said.

Throughout the country, colleges and universities are grappling with ways to get AIDS information to students so they will recognize the dangers of the fatal disease that attacks the body's immune system.

Many universities, including the University of Georgia, are using other students such as Collazo in peer education programs designed to provide a more comfortable forum to talk about sex, condom use and other AIDS-related issues.

"I think that's probably the way to go," said Nancy MacNair, a health educator for University of Georgia's Student Health Services. "They know their fellow students better than we do."

The student programs are available to dormitories, fraternities, sororities and other campus organizations.

Collazo said his fellow students most frequently want to know how AIDS is transmitted and whether things they are doing put them at risk.

Medical officials at the federal Centers for Disease Control in Atlanta say the human immunodeficiency virus (HIV) that can cause AIDS is transmitted through sexual intercourse, the shar-

ing of drug needles, and transfusions of blood or blood products infected with the AIDS virus. AIDS is not transmitted through casual contact, they say.

Universities have come up with a variety of approaches in their attempts to get information to students and, in many cases, have become very open and explicit in their discussions about sex, contraception and sexually transmitted diseases.

The University of Utah has developed a pamphlet for all new students, which outlines specific sexual behavior that can reduce the chances of AIDS virus transmission, said Kathy King, a psychology intern who is in charge of coordinating AIDS education programs at the university.

Federal health officials have found, for example, that the use of condoms and spermicides during sexual intercourse reduces the risk of transmitting the AIDS virus.

King said she has seen a wide range of responses to AIDS discussions from the Utah students.

The University of Texas in Austin has just begun an AIDS speaker's bureau, said Sherry Bell, director of health education at the Student Health Center. Speakers are available to talk about a variety of AIDS issues, including specifics on how to use a condom and how to discuss safer sex practices with a partner.

Bell said she believes there is an increasing awareness of the danger of AIDS on campus, but students still don't have all of the information they want and need.

University of Texas officials have had better success with programs offered to what Bell called a "captive audience" in classrooms than with presentations offered to the campus at large.

"They think they know a lot because they hear about it all the time," she said. "But there's a lot of misinformation out there."

That's why health officials say they spend just as much time focusing on the way AIDS is not transmitted.

"The students want guarantees about remote things," Bell said. "The ways we know AIDS is transmitted, the behavior changes, get overshadowed."

The same is true at Pennsylvania State University, where Susan Kennedy, director of health promotion and education, said students realize AIDS is a threat, but she doesn't think many have changed their sexual practices.

Kennedy said college students, many of whom are beginning to be sexually active, may not be taking precautions because their actions often are not well thought out.

Penn State also has several AIDS education programs, including a student group, which is available for presentations and discussions.

"The students are good role models and they're comfortable talking about these issues," Kennedy said.

A preliminary review of a recent national study has indicated college students across the country know how AIDS is transmitted and how they can protect themselves during sex, said Craig Hill, a research associate at The Kinsey Institute for Research in Sex, Gender and Reproduction at Indiana University.

Photo by Wynn Kendall

"But we shouldn't let up in our attempts to educate," he said. "There's a difference in knowing what causes AIDS and thinking you are susceptible...Everybody is at risk if they engage in certain kinds of risky behavior."

Hill said other researchers have found that people are more likely to change their sexual behavior if they know someone who has AIDS or is infected with HIV.

And, he said, college students seem to have changed their sexual habits more on the east and west coasts than in the middle part of the country, probably because AIDS has been more prevalent on the coasts. The four states reporting the most cases of AIDS are New York, California, Florida and New Jersey. Collectively, the four top states have reported almost 43,000 AIDS cases. As of August, the total number of cases reported to the CDC was 71,171. Of those, 40,090 have died.

The CDC is about to begin the first nationwide study to determine the prevalence of the AIDS virus among college students. Anonymous testing at 20 colleges and universities should help health officials get a better idea of how great the problem is, said Chuck Fallis, a spokesman for the CDC. The testing program was to begin this fall at universities which agreed to be part of the study. The CDC has not released the names of the schools involved.

Hill said college age people are more susceptible to AIDS than any other age group, because they are moving away from home and more likely to begin sexual exploration.

The Alan Guttmacher Institute in New York released a recent study indicating that the percentage of single women between 18 and 44 who were having sex increased between 1982 and 1987. The study also showed that condom use, although it has increased slightly, remains low, even though favorable opinion of the condom rose sharply.

The Guttmacher research indicates that the increase occurred during 1986 and early 1987, when discussion about AIDS and recommendations to use condoms became more common.

Hill said it's important for colleges to offer programs that help students understand the dangers of AIDS, as well as overcome peer pressures that may cause them to engage in activities that put them at risk.

At the University of Georgia, MacNair said officials are trying to find ways to make the programs appeal to students. Modern videos and an AIDS jeopardy game "appeal to this generation," she said. "Marketing and selling are important in education." One of Georgia's videos, for example, demonstrates the proper use of a condom on a banana. The video is available for classes or student groups to use during AIDS discussions.

MacNair said she also believes university officials have to let students know they are open to frank discussions.

"I think it's a hard battle," she said. "It's a scary issue, but it's an important one to deal with on campus. It's the most important health issue around right now."

Beth Wilson covers health issues for the Knoxville Journal.

OVERCOME TEST ANXIETY AND SCORE HIGH!

Performing well on exams is more than knowing the material. You can increase your scores with these test-taking tips.

Exam Week Jitters

Anything you can do to regularize your life on exam week works in your favor. It will increase your ability to concentrate and relax some of your tension and anxiety. Try to stabilize your habits a bit if they've been getting loose. Exam week is not the time to decide to lose 10 pounds, but you can watch your eating habits a bit more. You definitely should have several good nights' sleep. Every exam period you can spot the poor fools who were in bed before midnight for the first time in weeks. A shower may wake them up, but they won't escape from dullness of the brain.

Your Official Exam Kit

Packing a special kit to bring to every exam will help you feel confident and prepared. You'll avoid the stress and panic that ruins scores. Use your backpack, bookbag, or an "official exam bag" of your own design. Here's our list. Add to it if necessary:

- 2 each, pens and pencils, with good erasers;
- blue books . . . if not necessary, they're always excellent for scratch paper;
- ruler, for a straight edge;
- calculator, if it's allowed;
- kleenex;
- any books or notes allowed by the teacher;
- a watch that works;
- a bit of food if not prohibited . . . not a meal, just a few raisins or sunflower seeds or chocolate.

Budget Your Time

Be sure from the start that you'll complete the entire exam. Start your test period by skimming all the questions. Then figure out how much time to devote to each section. Allot more time to sections which are worth more points. Don't forget to allow time for checking the test over once at the end. Build a little slack into the schedule if you can . . . you just never know.

If you give yourself 20 minutes for a major essay, you might time that, too, perhaps something like this:

Examination of the question: 1 minute
Development of the answer: 6 minutes
Actual writing time: 10 minutes
Reread and edit: 3 minutes

Pencils Ready, Get Set, GO!

1. Maintain a rhythm as you work. If you find yourself taking longer than usual to answer a question, skip it and mark it in the margin. If you don't have time to check *all* your answers later, just return to those you've left.

2. Make another mark next to answers you're not 100% sure of. But change them only if you have clear reason to . . . your first impulse might have been right.

3. Follow directions on marking answers. Don't underline if you're asked to circle. Sounds obvious? You'd be surprised how common a mistake this is.

4. Watch for those teeny little words that change an ordinary statement into a radical one: "*all, always, must, never, none.*" Don't jump to conclusions. Look for the real meaning of a question.

THE ARMY RESERVE'S GI BILL CAN MAKE YOU A PART-TIME SOLDIER AND A FULL-TIME STUDENT.

A part-time job in the Army Reserve is a smart way to work your way through college. Because the Army Reserve has its own GI Bill, and if you qualify, you can receive up to $5,040 for college, while you attend college.

But the GI Bill isn't the only valuable thing about being an Army Reservist. You'll also be paid for training in one of over 300 skills.

In addition, you'll earn at least $1,870 a year for serving two days a month (usually on weekends) at your local Army Reserve Center, and attending two weeks of annual training. And if you take out a student loan, you may qualify for a program that can help you repay it.

With the GI Bill to help with tuition, and your monthly Army Reserve salary to help with other expenses, you could earn over $16,000 for college in one enlistment.

If you'd like to know more about taking the Army Reserve's GI Bill to college with you, call toll-free 1-800-USA-ARMY.

BE ALL YOU CAN BE.

ARMY RESERVE

SEMESTER IN SPAIN

Not just for Spanish majors only,but for everyone: beginners, "in between" students, and advanced. Put some excitement into your college career.

BEGINNER OR ADVANCED-Cost is about the same as a semester in a U.S. college: $4,440. Price includes jet round trip to Seville from New York, room, board, and tuition complete. Government grants and loans may be applied towards our programs.

Live with a Spanish family, attend classes four hours a day, four days a week, four months. Earn 16 hrs. of credit (equivalent to 4 semesters taught in U.S. colleges over a two year time span). Your Spanish studies will be enhanced by opportunities not available in a U.S. classroom. Standardized tests show our students' language skills superior to students completing two year programs in U.S. Advanced courses also.

Hurry, it takes a lot of time to make all arrangements.

SPRING SEMESTER-Feb. 1-June 1, **FALL SEMESTER**-Sept. 1-Dec. 22 each year.
FULLY ACCREDITED-*A Program of Trinity Christian College.*

EXTENDED DAY PROGRAM
Spring 1989

The Schedule which appears in the following pages is for the convenience of students taking courses in what we call our "extended day" — the late afternoon and evening hours. The majority of these courses begin at 6:00 p.m. (18:00 hours) and meet once a week for two and one half hours Monday through Thursday evenings; the rest meet twice a week for one hour and fifteen minutes.

In these pages we have listed all courses, undergraduate and graduate, according to the academic programs that offer them. We have also listed the undergraduate courses according to the days of the week on which they meet.

Programs Available In the Evening

Many of the University's more than sixty degree programs are represented by extended day courses. In some programs, students can complete all degree requirements through evening study alone — that is, by taking courses scheduled after 5:00 p.m. These programs are:

Undergraduate		**Graduate**	
Computer Science	Management	American Civilization	Human Services
Economics	Political Science	Bilingual/ESL Studies	Instructional Media
English	Psychology	Business Administration	Public Affairs
History	Sociology	Chemistry	Applied Sociology
		Computer Science	School Psychology
		Counselor Training	Special Education

Registration for Spring 1989
Undergraduate Advising — November 28 through December 2, 1988

COLLEGE OF ARTS AND SCIENCES

Monday, November 28 through Thursday, December 1; 10:00 a.m.-12:00 p.m. and 2:00 p.m.-6:00 p.m.
Friday, December 2; 10:00 a.m.-12:00 p.m. and 2:00 p.m.-4:00 p.m.
McCormack Hall, 3rd Floor, Room 130. Telephone 929-8220.
Majors should call their respective departments to request an appointment with a faculty advisor.

COLLEGE OF MANAGEMENT

Monday, November 28 through Thursday, December 1; 9:00 a.m.-6:30 p.m.
Friday, December 2; 9:00 a.m.-5:00 p.m.
McCormack Hall, Office of Student Services, 3rd Floor, Room 415. Telephone 929-8105.

COLLEGE OF EDUCATION

Contact Hannah Gilman
Science Building, 3rd Floor, Room 216. Telephone 929-7854. Call for appointment.

COLLEGE OF NURSING

Monday, November 28 through Thursday, December 1; 8:30 a.m.-6:30 p.m.
Friday, December 2; 8:30 a.m.-4:00 p.m.
Science Building, School of Nursing, 2nd Floor. Telephone 929-8500.
Advisor: Myron Segelman.

Advising for Graduate Programs

Matriculated graduate students should contact their graduate program directors for registration materials and advising. Continuing Graduate Students can obtain their forms in the Office of Graduate Admissions and Records, Administration Building, 2nd Floor, or from their graduate program directors.

Timetable Key to Show Equivalent 24 Hour Time

6:00 pm	=	18:00 hours
7:00 pm	=	19:00 hours
8:00 pm	=	20:00 hours
9:00 pm	=	21:00 hours
10:00 pm	=	22:00 hours

NOTE: Extended Day Students — If you have any questions regarding registration and academic advising, please call the Extended Day Office, 929-7755. The office is located in M/3/412 and is open until 7:00 p.m. Monday through Thursday.

POSTAGE WILL BE PAID BY ADDRESSEE:

AMERICAN EXPRESS
TRAVEL RELATED SERVICES COMPANY, INC.
P.O. Box 31560
SALT LAKE CITY, UT 84131-9983

Notice to Married Wisconsin Residents: If you are a party to any marital property agreement, unilateral statement, or court decree under Wisconsin's Marital Property Act, the terms of that agreement will not affect our rights with respect to your American Express® Card account unless you provide us now with a copy of the agreement, or give us now complete information about the agreement.

Attention: Late payment fee: If an amount is past due for two billing cycles, a late payment fee of $10 or 2½% of all past due amounts will be added. If an amount is past due for three billing cycles, a late payment fee of 2½% of all past due amounts will be added. (For WI residents, 1% of all past due amounts is added if an amount is past due for three billing cycles. Different rules apply for LA, MA, MD, PR and TX accounts.) Returned payment charge: $15 ($10 in IL, NY and WI) except as provided by applicable law. Cash advance fee: $1.50 per transaction. Sign & Travel® Account Disclosures*: Annual percentage rate: 18%. Grace period: None, unless the full new balance is paid and no new charges are posted by the due date. There is no additional annual fee for the Sign & Travel Account, and no other fees or charges are associated with the use of the Sign & Travel Account.

*The Sign & Travel® Account is a benefit of Card membership which allows you to extend payment on certain travel related charges.

☐ Disclosure information for New York residents: If you wish to receive the disclosure terms of this charge card, check here and return to the address on this application.

The American Express® Card. Don't Leave School Without It.℠

GRADUATE ADMISSIONS AND RECORDS

GRADUATE STUDENT REGISTRATION INFORMATION

Advance Registration — November 28-December 2

All continuing graduate students are eligible to advance register. Matriculated graduate students pick up registration forms from the Graduate Program Director. After the form is completed and signed by the Program Director, it may be left with the Program Director or submitted to Graduate Admissions and Records.

Non-degree graduate students pick up registration forms in Graduate Admissions and Records and then register in the Program Director's office.

Continuing students who do not register during this period will be charged the $25.00 late registration fee.

Add/Drop Period — January 26, 1989-February 7, 1989

Registration for new matriculated and non-degree students begin on January 26. Continuing students who did not advance register or who wish to change their schedule should do so during this period. Registration forms will be available in the Graduate Program Director's office. Completed forms for continuing studnts and new matriculated students may be left with the Program Director or submitted to Graduate Admissions and Records.

New non-degree students should complete a Graduate Special Student Registration Form and submit the completed form to Graduate Admissions and Records with a check for the full amount of tuition and fees.

Important Reminders

— Be sure to retain the student compy of your registration.

— If you owe money for a previous semester, you will not be allowed to register until your financial obligation is cleared. Registration forms submitted by students who owe money will not be processed.

— Continuing matriculated student who were not enrolled in courses during the Fall semester 1988 will not be allowed to register if the program fee was not paid.

— When you submit the registration form, you incur a financial obligation for those courses. Your financial obligation will be reduced if you reduce your course load by February 7, 1989 or if you withdraw from the University by the fifth week of the semester. The reduction schedule is published in the Graduate Studies Bulletin. Failure to attend class does not remove your financial obligation.

DIVISION OF CONTINUING EDUCATION

Evening Courses Off-Campus
Saturday Courses On-Campus

The University courses which appear on the following pages are offered during the evening at off-campus locations and on Saturday mornings at the Harbor Campus as well as the Downtown Center in Park Square. Most classes meet once a week for two and one-half hours. These courses are open to all UMass/Boston students and are applicable to bachelor's degree requirements. Students (including financial aid recipients) are free to combine day, evening on-campus, evening off-campus, and Saturday classes during any semester.

Registration

To register for an off-campus or Saturday course, you must fill out a continuing education registration form at the Office of the Division of Continuing Education (Wheatley 2/203). The office is open from 8:30 a.m. to 7:00 p.m., Monday through Thursday and from 8:30 a.m. to 4:30 p.m. on Friday. Continuing Education course fees are computed at the rate of $65 per credit and are separate from on-campus tuition charges. Students registering for off-campus or Saturday classes also pay $15 in registration and service fees but do not pay health, athletics, or activities fees. Full payment is required at the time of registration. The Division of Continuing Education accepts MasterCard and VISA for the payment of off-campus and Saturday course fees.

Academic Calendar

Please note that off-campus and Saturday classes begin later than day or evening classes on campus and follow a different academic calendar.

Registration deadline	January 27
Late registration ($25 late fee)	January 30-February 3
Saturday classes begin	February 4
Off-Campus classes begin	Week of February 6
Add/drop deadline	February 17
Vacation—Off-Campus classes	February 19-25 April 16-22
Vacation—Harbor Campus and Downtown Center Classes	March 19-25
Midsemester	March 23
Pass/fail deadline	March 30
Withdrawal deadline	March 30
Saturday classes end	May 13
Off-campus classes end	Week of May 15
Final exams for Saturday classes	May 20
Final exams for Off-Campus classes	Week of May 22

Additional Information

The Division of Continuing Education publishes its own bulletin which contains complete information on the off-campus and Saturday programs as well as other credit and non-credit programs. To obtain a copy and for more information, call, write, or visit the Continuing Education Office (Wheatley 2/203, 929-7900).

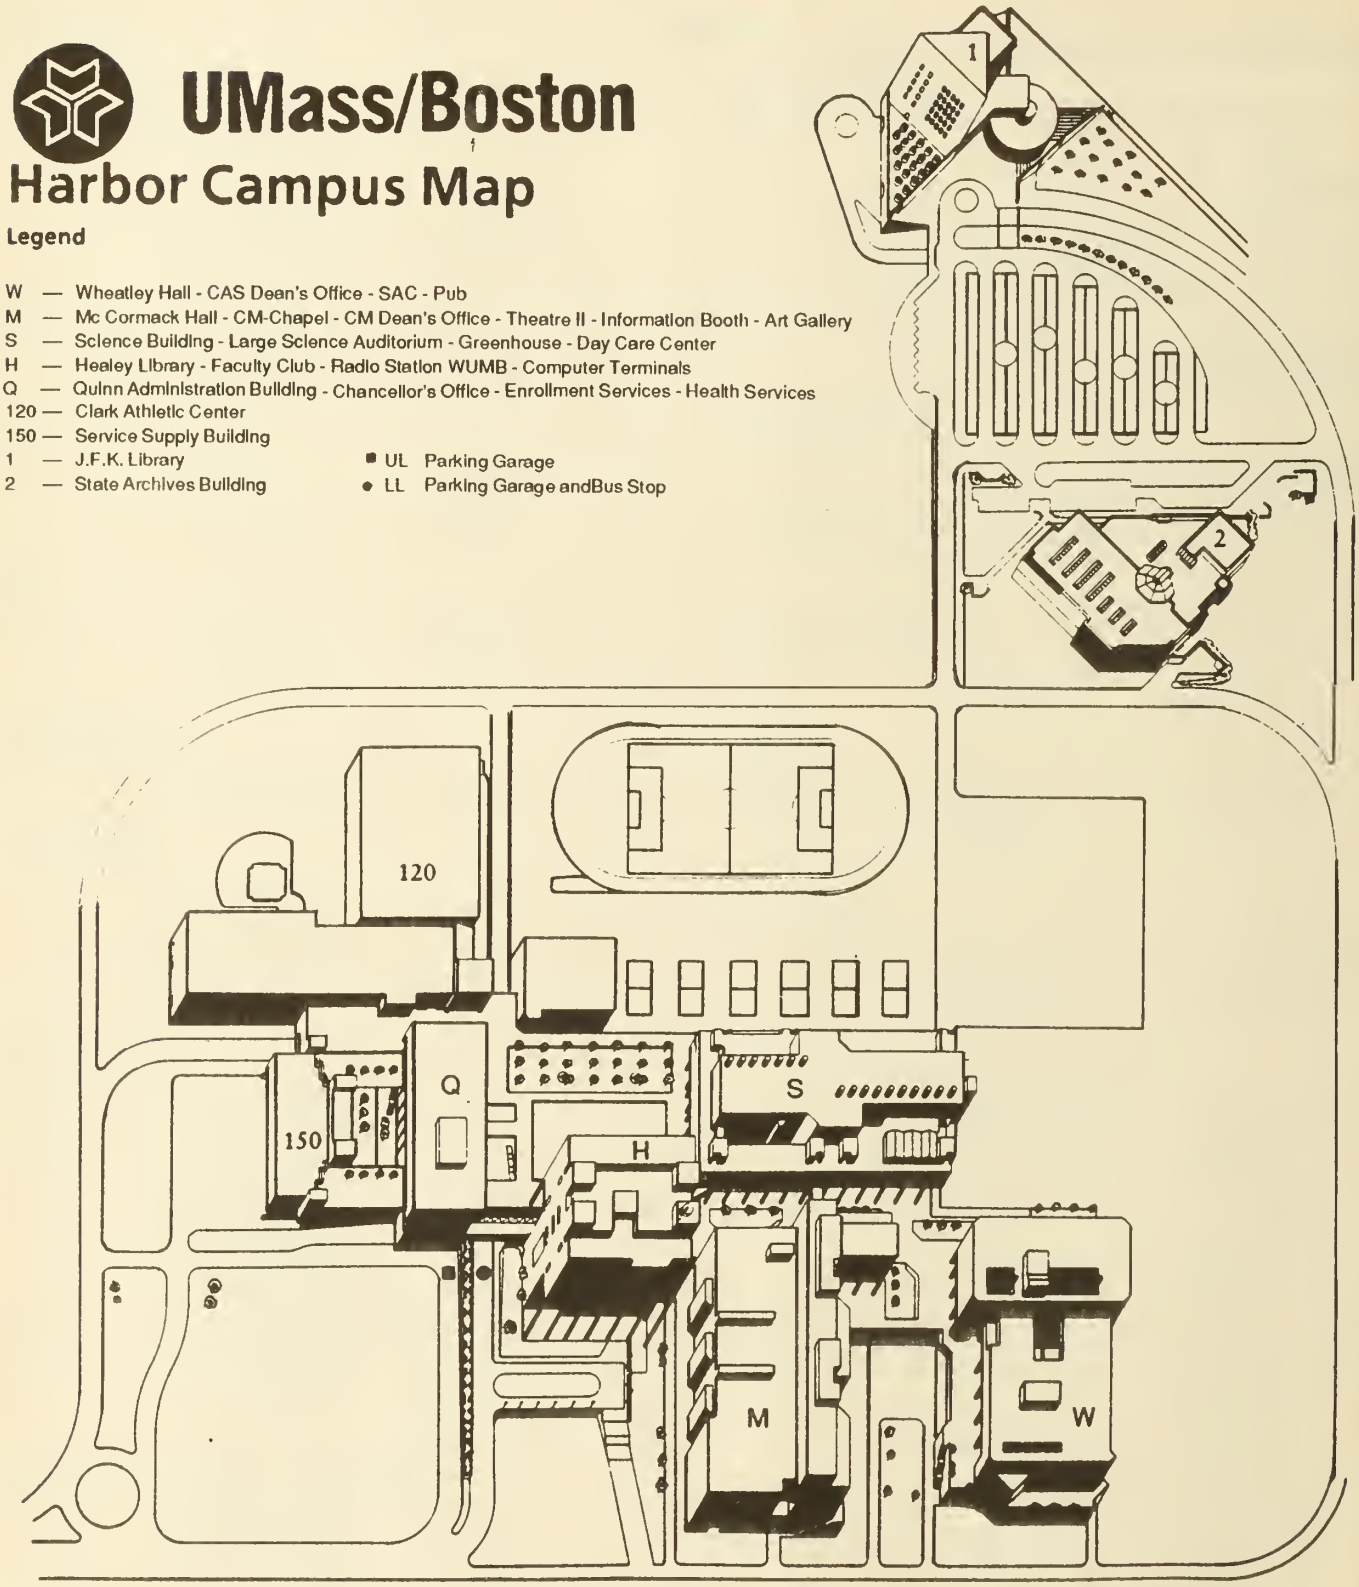
● LL Parking Garage andBus Stop



PARKING REGULATIONS

THE UNIVERSITY OF MASSACHUSETTS AT BOSTON

General — No person shall allow or permit any vehicle registered in his/her name or under his/her control to park or stand on any street or other area of the campus or other lands of the University in violation of these Rules and Regulations. No vehicle may be parked in any area of the campus not intended for such parking, the person in whose name a motor vehicle is registered will be held responsible for all parking violations.

On the Harbor Campus, parking is restricted to the parking garages and connecting parking lot. Payment for parking shall be made upon exit from the garage.

There are no University parking areas for the Park Square Campus.

Motor vehicles parked in these areas shall be kept only within the clearly designated parking spaces.

Motor vehicles with evidence of non-use, left in parking areas, streets or other University property for fourteen (14) days or more shall be towed away under the direction of the Director of Public Safety or any University Police Officer, and the owner of the vehicle so towed away shall be liable for the cost of such removal and storage and shall also be subject to the penalties provided in Chapter 90, Section 22B, of the General Laws of the Commonwealth. The owner will also be held responsible for the care and protection of, or damage to, any such motor vehicle and its contents.

Operation of Vehicles on Campus

Speed limit — A) All vehicles will be operated at all times at a speed that is reasonable and proper. B) At no time will a speed on any campus roadway in excess of twenty-five (25) miles per hour be considered reasonable and proper, except as otherwise posted or for vehicles engaged in emergency response. C) At no time shall a vehicle be operated within any campus parking area, or garage or area within which buses are engaged in loading or unloading passengers, at a speed in excess of five (5) miles per hour unless otherwise posted.

Disturbance — No vehicle may be operated so as to cause undue noise or disturbance.

Operating conditions of vehicles — Vehicles parked on any University property must be kept in such conditions of mechanical repair that they can be removed at any time under their own power.

Loading and discharging of passengers — Loading or discharging of passengers is permissible only when a vehicle is at a complete stop at the edge or curb of a travelled way or within a safety or service zone expressly approved for this purpose by appropriate signs and/or instructions.

Eligibility — Permission to operate a vehicle on the campus or other lands of the University is a discretionary privilege bestowed by the Board of Trustees of the University and such privilege may be denied, revoked, suspended or modified by the action of the Trustees or by the officers of the University herein authorized to take such actions under Chapter 15A, Section 13 or Chapter 75, Section 32A of the General Laws.

Any person may operate a vehicle on the campus, provided that person is otherwise eligible to operate vehicles upon the public highways of the Commonwealth. Said vehicles shall be operated and parked in appropriately designated parking places on campus. Vehicles may not be operated on campus unless all outstanding University parking fines and fees have been paid; parking privileges will be revoked, denied, suspended or modified for failure to pay current unpaid University parking fines and fees and such vehicles shall be towed away.

Liability coverage — No vehicle may be operated on the campus or other lands of the University unless the vehicle has met the Motor Vehicle Liability Policy or Bond requirements for the operation and use of motor vehicles upon the ways of the Commonwealth.

Non-resident students — A student's motor vehicle bearing other than Massachusetts registration plates must also be registered with the Massachusetts Registry of Motor Vehicles under the provisions of Chapter 90, Section 3 of the General Laws of the Commonwealth or will be subject to the described penalties. The necessary forms for registration will be available at the University's Department of Public Safety Office.

Limits of liability — The University shall not assume responsibility for any motor vehicle or parts thereof, or its contents while parked or being operated on University property. The registered owner assumes all risk of accident, and the University of Massachusetts shall not be liable for resulting injury to person or loss or damage to property.

Reporting of accidents — All accidents involving motor vehicles which occur on University property shall be immediately reported to the Department of Public Safety Office. This report is in addition to the notification to the Registry of Motor Vehicles of the Commonwealth as required by statute.

SPRING BREAK CONTEST

1. Entries may be made on coupon below or on a facsimile thereof. To be eligible, facsimile must be of the same dimensions as the printed coupon, with the answers listed in exactly the same sequence. Lines for each answer should be drawn so that the lines are lined up exactly as those on the printed coupon.
2. An entry signed by, or entered for, more than one person will be disqualified.
3. Mail entries to HIGH TECH CONTEST, 500 Third Ave. West, Seattle, Wash. 98119. To be eligible, entries must be postmarked by midnight Jan. 20, 1989.
4. More than one entry may be submitted but there may be only one entry per envelope.
5. Persons must be 18 or older to enter. Winner may be required to provide identification. Employees of American Passage Media Corporation and its subsidiaries are not eligible.
6. The winner will be chosen at random from all entries. The first entry chosen with, in the judges decision, all of the items answered correctly will be deemed the winner.
7. In all cases, the decision of the judges shall be final.
8. The winner will be notified by mail by January 31, 1989.
9. The winner will be awarded a tour package consisting of round-trip airfare for two and six nights on a double occupancy basis at a medium class hotel. The winner may select from either Mazatlan or Puerto Vallarta, Mexico as their destination. The winner must travel to their selected destination during their school's official Spring Break and awarded airfare is limited to travel from the airport nearest their school offering connecting service to a gateway city. The winner will also receive $200 cash to serve as spending money.

Match the school with the appropriate number. In four instances, you also have to supply part of the missing name of the school.

COLLEGE JUST GOT EASIER!

Introducing the *How to Succeed in College* series, four great tape-and-text courses that will help you master the academic life by working smarter, not harder. Each course includes a 32-page text and a 60-minute tape (or get the whole series—all four tapes and a 160-page book—for only $29.95) so you can learn at your leisure—while biking, exercising or relaxing.

THE HOW TO SUCCEED IN COLLEGE SERIES:

Section 1: Studying — Nothing will get you through like knowing the material. Here's how.

Section 2: Term Papers — From start to finish, impressive and on time.

Section 3: Exams — Don't freeze up . . . be prepared. There are ways to do it.

Section 4: Speed Reading — The student's #1 lifesaver. It's never too late to learn.

Save $11.79. Get the whole series in one package: all four tapes and a 160-page book for $29.95.

☑ **YES!** Please rush me the course(s) (or the entire series at $11.79 savings) I've checked below. I've enclosed my check or money order payable to SUCCEED IN COLLEGE, for the full amount shown.

COLLEGE JUST GOT EASIER!

Introducing the *How to Succeed in College* series, four great tape-and-text courses that will help you master the academic life by working smarter, not harder.

These courses are your ticket to a stress-free college degree, with tip after tip on how to select courses and professors, how to study more material in less time, how to prepare for exams and how to write papers that result in the grades you want. And, not the least of all, how to maintain your social life in the process.

Each course includes a 32-page text and a double-sided 60-minute tape. The tape allows you to learn at your leisure—while biking, exercising or relaxing. And the texts are a friendly, personable presentation of what once was a dry subject.

This course is simply excellent. I wish I'd had it as a Freshman!

"HOW I MADE $18,000 FOR COLLEGE BY WORKING WEEKENDS."

When my friends and I graduated from high school, we all took part-time jobs to pay for college.

They ended up in car washes and hamburger joints, putting in long hours for little pay.

Not me. My job takes just one weekend a month and two weeks a year. Yet, I'm earning $18,000 for college.

Because I joined my local Army National Guard.

They're the people who help our state during emergencies like hurricanes and floods. They're also an important part of our country's military defense.

So, since I'm helping them do such an important job, they're helping me make it through school.

As soon as I finished Advanced Training, the Guard gave me a cash bonus of $2,000. Then, under the New GI Bill, I'm getting another $5,000 for tuition and books.

Not to mention my monthly Army Guard paychecks. They'll add up to more than $11,000 over the six years I'm in the Guard.

And if I take out a college loan, the Guard will help me pay it back—up to $1,500 a year, plus interest.

It all adds up to $18,000—or more—for college for just a little of my time. And that's a heck of a better deal than any car wash will give you.

THE GUARD CAN HELP PUT YOU THROUGH COLLEGE, TOO. SEE YOUR LOCAL RECRUITER FOR DETAILS, CALL TOLL-FREE 800-638-7600,* OR MAIL THIS COUPON.

*In Hawaii: 737-5255; Puerto Rico: 721-4550; Guam: 477-9957; Virgin Islands (St. Croix): 773-6438; New Jersey: 800-452-5794. In Alaska, consult your local phone directory.

Lesson number one in the social graces: Never be offensive.

How can you separate yourself from those barbaric hordes that exude a most malodorous air? With new Right Guard® Sport Sticks. Anti-perspirant. And deodorant. Replete with major protection. Sleek dome top. And two new scents, "Fresh" and "Musk." For who wants to appear unschooled in such a sensitive subject as Personal Hygiene?

New Right Guard® Sport Sticks.

Anything less would be uncivilized.

Fresh or Musk scent. Anti-Perspirant or Deodorant.
